Congratulations Sunny Wu!

Congratulations to Sunny Wu, grade 12, who placed **2nd in Canada** in the 2023 national finals of Concours d'art oratoire, Canada's French public speaking contest.

Press Release - *"Congratulations to the winners of Concours d'art oratoire.*

Every year we continue to be amazed with the students' efforts and dedication and this year was no exception. We truly believe this is a great opportunity for French as a second language students. Besides showcasing their public speaking abilities in French, students put into practice other valuable skills that will certainly help them in the future. We also congratulate all students that made it to the national finals, you are among Canada's brightest students," said Nicole Thibault, CPF Network CEO.

Congratulations Chloe Lee!

Chole has received the 2023 Schulich Leader Scholarship, Canada's largest undergraduate scholarship. Schulich Leader Scholarships support Canada's top talent in Science, Technology, Engineering & Math (STEM). This year, the value of the scholarship has increased to address the increased cost of living across Canada. A total of 100 scholarships are being awarded - 50 engineering scholarships valued at \$120,000 each and 50 science, technology or math scholarships valued at \$100,000 each.

Google Takeout for Graduating Students

Visit [Google Takeout](#) and login with your YRDSB Google Account.

Student access to their Google Workspace for Education account will end upon graduation. Students are reminded to move their files and documents before they leave the school board.

***Due to the size of some Drives and the potential time to create the zip file, it is recommended that students and staff not use a public/school computer to complete this process.*

1. Select the Google Apps and Services from which you want to export your data and documents, and select the option to receive the file as a download via email (depending on the size of your Google account, this could take several hours). Use the .zip file option.
2. Once the Google Takeout email arrives, use the links to download your archived data and documents to your chosen location (e.g. personal computer, USB/external drive and/or personal Google Drive).
3. You can "unzip" the archives and then upload the data and documents to a personal Google Account or use the files and documents in Microsoft Office or other application
