Armadale Summer Institute

Programs

The daily program is comprised of a language block in the morning, along with activities in the afternoon. During the language block, students are engaged in fun and enriching learning activities that address reading, writing, media and oral communication expectations from the Ministry of Education curriculum documents.

Words Alive

For children entering SK & grade 1, Words Alive is designed to further build literacy and numeracy skills. Activities may include: chants, music, games and puzzles, guided reading sessions, word hunts, and math mini lessons balanced with recreational activities such as music, soccer, field games, drama, arts & crafts and computer publishing.

Clubhouse

For children entering grades 2 & 3, Clubhouse provides opportunities for children to participate in a full day program designed exclusively for this age group. This program has a focus on theme related literacy and math activities designed to encourage problem solving and a growth mindset, balanced with recreational activities that may include: soccer, volleyball, arts & crafts, computer publishing, ball hockey and much more!

International Language & Summer Institute Level 1 (Mandarin-Simplified)

For students entering Senior Kindergarten to Grade 3, this program includes a half day Simplified Mandarin program and a half day of Summer Institute activities with their age appropriate groups: Words Alive or Clubhouse. The language component is funded by the Ontario Ministry of Education and provides any child, with the opportunity to learn the listening, speaking, reading and writing skills, in Simplified Mandarin. Students who complete this 6-week program will receive a certificate of participation.

International Language & Summer Institute Level 2 (Mandarin-Simplified)

For students entering Grade 4 to Grade 8, this program includes a half day Simplified Mandarin program and a half day of Summer Institute activities with elective options in athletics, arts or recreation. The language component is funded by the Ontario Ministry of Education and provides any child with the opportunity to learn the listening, speaking, reading and writing skills, in Simplified Mandarin. Students who complete this 6-week program will receive a certificate of participation.

Skills and Motion 1

For youth entering grades 4 & 5, this program has both an intentional literacy and math focus designed to encourage problem solving and a growth mindset, as well as an opportunity to participate in a variety of engaging and fun elective activities in athletics, arts and recreation.

Skills and Motion 2

For youth entering grades 6, 7 & 8, this program has both an intentional literacy and math focus designed to encourage problem solving and a growth mindset, as well as an opportunity to participate in a variety of engaging and fun elective activities in athletics, arts and recreation.

Electives

During the activity block, students are engaged in purposeful, intentional learning which is embedded within the following areas:

Actor's Studio

Love to be on stage? Come have fun learning the basic fundamentals of drama and improvisation in a fun-filled atmosphere where creativity and individual expression are encouraged.

Archery

Learn to sight along the bridge of your nose and feel the wind in the feathers of arrows when firing at bull's eyes in the archery field.

Artzcool

You don't have to be an artist to be cool! If you like using your creativity, this is the place for you! Painting, drawing, colouring, collage making, crafts, and so much more! The sky is the limit because we try it all!

Basketball

An emphasis on basketball fundamentals is provided: ball handling and dribbling, fast breaks, lay-ups, passing, rebounding, setting screens, and zone defense.

Clay Play

Using clay and your creativity to make something from nothing; you will create your own item from scratch with raw clay. After you have created an original piece of art, you will use acrylic paint to enhance your design.

Coding & Robotics

Coding is the way we tell computers to do all the helpful things they do for us. From finding a contact on your phone so you can send a message, to directing a rocket into space, computers follow lists of instructions, a coder, or programmer has written. You can learn to code by starting with a short, simple program. Once you understand the basics, you can build up to bigger projects.

Cricket

Use your whole body to improve fitness with the international game of cricket. This sport combines a variety of skills from various popular sports like hockey and baseball.

DigiArt

Students will learn the basics of digital photography. Each day's lesson will begin with a brief classroom introduction to a photographic technique (such as using the rule of thirds, photographing textures, using the macro setting, etc.). Students will then have the opportunity to experiment with their cameras and develop their skills with each technique learned. Students will choose a few of their favourite photos from the week's work to print and frame. They will write a short reflection piece for each of their photos, describing what makes their artwork effective.

Field Invaders

Have you ever used a bowling pin for something other than bowling? In the Field Invaders fanatic, you will learn a new “high energy” game every day that you can play with your family and friends. Some of the games you will play will range from “Capture the Flag”, “Spud”, “Frozen Critters” to various forms of dodge ball. Don’t forget the famous game of tag, but with a twist! Participants will also have an opportunity to create their own games. Don’t miss out on this new and exciting program!

Game Wizards

Invent your own reality! Learn about the elements and strategy of games such as chess, backgammon and possibly become a character in a game.

MD2 Studio

MD2- music, dance, and drama, is a class to explore elements of the performing arts. Investigate your artistic interests and create a variety of pieces to express your individuality, working with digital tools and other instruments.

Makerspace

Participants can plan, create and manipulate their creative ideas. They will have opportunities to invent tinker, explore and discover using a variety of tools and materials, and technology.

Math Masters

Put your math skills to the test. In this technology-based elective, participants will have the opportunity to explore ‘Prodigy’ gaming, design their own code, and even create their own math game!

Ready, Set, Cook

Continues to offer the basics of food preparation and cooking. Participants will eat their daily creations and take home a recipe book at the end of each session.

Sew Crafty

Create cool crafts and hot trends in Sew Crafty! A hand sewing program that will teach you hand stitching and embroidery. Create one-of-a-kind pieces that will catch everyone’s attention.

Soccer

“Pass, shoot and score!” In this elective, participants will make use of a variety of training equipment to take their soccer skills to the next level.

Sportacular Fun

Participants will enjoy a variety of fun filled games while learning the tactics, strategies and fundamental skills of team and individual sports.

Survivor

Based on the adventure T.V. show, teams will compete in challenges to win rewards and build collaboration skills. Work together to solve puzzles, race in obstacle courses and match wits in exciting contests.

Wacky Science World

Get ready to enjoy a week jam-packed with discovery and exploration through themed, hands on activities in the wonderful world of science. Developed for budding scientists, participants will earn new and exciting concepts that will excite the scientist at heart.
