## Programs

*The daily program is comprised of a language block in the morning, along with activities in the afternoon. During the language block, students are engaged in fun and enriching learning activities that address reading, writing, media and oral communication expectations from the Ministry of Education curriculum documents.*

### Words Alive

For children entering SK & grade 1, Words Alive is designed to further build literacy and numeracy skills. Activities may include: chants, music, games and puzzles, guided reading sessions, word hunts, and math mini lessons balanced with recreational activities such as music, soccer, field games, drama, arts & crafts and computer publishing.

### Clubhouse

For children entering grades 2 & 3, Clubhouse provides opportunities for children to participate in a full day program designed exclusively for this age group. This program has a focus on theme related literacy and math activities designed to encourage problem solving and a growth mindset, balanced with recreational activities that may include: soccer, volleyball, arts & crafts, computer publishing, ball hockey and much more!

### Skills and Motion

For youth entering grades 4 & 5, this program has both an intentional literacy and math focus designed to encourage problem solving and a growth mindset, as well as an opportunity to participate in a variety of engaging and fun elective activities in athletics, arts and recreation.

### Skills and Motion 2

For youth entering grades 6, 7 & 8, this program has both an intentional literacy and math focus designed to encourage problem solving and a growth mindset, as well as an opportunity to participate in a variety of engaging and fun elective activities in athletics, arts and recreation.

## **Electives**

*During the activity block, students are engaged in purposeful, intentional learning which is embedded within the following areas:*

### **Archery**

Learn to sight along the bridge of your nose and feel the wind in the feathers of arrows when firing at bull's eyes in the archery field.

### **Basketball**

An emphasis on basketball fundamentals is provided: ball handling and dribbling, fast breaks, lay-ups, passing, rebounding, setting screens and zone defense.

### **Bucket Drumming**

Get a real bang out of your summer! Join Bucket Drumming and learn basic rhythm skills as well as cool beats! Create exciting pieces of music working with other percussionists.

### **Coding & Robotics**

Coding is the way we tell computers to do all the helpful things they do for us. From finding a contact on your phone so you can send a message, to directing a rocket into space, computers follow lists of instructions, a coder, or programmer has written. You can learn to code by starting with a short, simple program. Once you understand the basics, you can build up to bigger projects.

### **Dance**

Participants will enjoy a week full of the latest music while they learn and perform cool dance moves in the SI dance studio.

### **Digital Creative Design**

Learn how to create cutting edge advertisements pictures, and YouTube videos. You will learn beginning areas of Print & Web graphic design, including colour theory, digital images, design, electronic prepress, page layout, web page design, and digital video.

### **Field Invaders**

Have you ever used a bowling pin for something other than bowling? In the Field Invaders fanatic, you will learn a new "high energy" game every day that you can play with your family and friends. Some of the games you will play will range from "Capture the Flag", "Spud", "Frozen Critters" to various forms of dodge ball. Don't forget the famous game of tag, but with a twist! Participants will also have an opportunity to create their own games. Don't miss out on this new and exciting program!

### **Fitness Fun**

An amazing workout combination to build your stamina, concentration and muscle power with Yoga stretches and Zumba dance moves.

### **Makerspace**

Participants can plan, create and manipulate their creative ideas. They will have opportunities to invent, tinker, explore and discover using a variety of tools and materials, including robotic technology.

## **Net Sports**

Looking for fast-paced excitement? Learn the fundamentals of a variety of net games like badminton, tennis, table tennis and volleyball and apply them to game situations.

## **Painting & Sketching**

This class will offer both sketching and water colour painting in our new painting studio. Participants will work with their own professional easel, board and materials.

## **Ready, Set, Cook**

Continues to offer the basics of food preparation and cooking. Participants will eat their daily creations and take home a recipe book at the end of each session.

## **Soccer**

“Pass, shoot, score!” In this elective, participants will make use of a variety of training equipment to take their soccer skills to the next level.

## **Table Tennis**

Also known as Ping Pong, it has opponents rallying for points. Participants will learn how to develop and refine their table tennis skill by executing drills and playing in tournament style games. This is a fun and exciting way to get into shape. Do you have what it takes to be the tournament champion?

## **Tournament of Champions**

Climb the ranks in structured tournaments including air hockey, foosball, ping pong and other competitive games.

## **Wacky Science World**

Get ready to enjoy a week jam-packed with discovery and exploration through themed, hands on activities in the wonderful world of science. Developed for budding scientists, participants will earn new and exciting concepts that will excite the scientist at heart.
