Education:

Bachelor of Business, University of South Florida

Master of Business Administration, Wilfrid Laurier University

Doctor of Education, Northeastern University

Why Me:

- Strong education experience as an administrator and facilitator
 - Life long educator, currently a senior administrator at a public college
 - College and University facilitator in the GTA both in online and in class formats
 - Past responsibility for early childhood education program at Sheridan college to train early childhood educators
 - Understand the spectrum of pedagogy across all levels of education
- Clear understanding of what will help our students compete in the global 21st century based on feedback from industry as well as literature from the OECD and Wagner's undergraduate key success factors.
- Hands on experience with learning technology that can be assistive to those with learning difficulties as well as an enhancement to the learning experience both online and face to face.
- Adept in Universal Design Language that can ensure all learners in an environment regardless of their learning difficulties can learn in the same classroom leading to better inclusion
- Openness, approachable, Professional, and here to serve the community and improve how our students access education.

With my skillsets and experience in private industry as well as my career in both the private and public education, I have the competencies to ensure our learners have what they need to graduate and succeed in the global environment.
