MARCH TRUSTEE GREETINGS

With spring approaching and the hours of daylight increasing, now is a good time to enjoy the outdoors and our natural environment. Did you know that our Board has five [outdoor education centres](#), and students have opportunities to visit them and other outdoor learning spaces throughout their schooling? This is part of our commitment to giving students an opportunity to learn in and about the natural world. This learning supports students in gaining a deeper appreciation for nature and the importance of environmental sustainability.

“Modelling continuous environmental sustainability” is one of the goals outlined in our [Board of Trustees’ Multi-Year Plan](#). We believe that we all have a role to play in reducing waste and protecting our environment. Our students, staff members and families continue to show leadership when it comes to supporting student learning and initiatives to reduce our ecological footprint.

Spending time outside as a family also provides a great opportunity to support and enhance your child’s learning outside of school. Whether visiting a park or museum, reading with your child in your home language or asking questions about their day at school - know that there are many ways you can support their education and that you are making a difference. I hope you all have a happy and safe March Break and enjoy the warmer weather ahead.

Alexander Muir

Alexander Muir Public School presents

Supporting your Child's **MENTAL HEALTH & WELL-BEING** Presentation

Expert Guest Speaker
Michelle Cassidy
Mental Health Lead
York Region DSB

We all have mental health and strive to be mentally healthy. What we do to promote our own and our children's mental health, and how we respond in times of stress is critically important.

There is a lot we can do to impact positively on mental health. A collaborative approach is essential and families and schools working together to support student and youth mental health is ideal.

What does this look like?

What steps can we take to promote mental health?

Join us for the **FREE** presentation to learn more.

Thursday, March 23rd, 2017 @ 6:00 p.m.
