May News!

Dear Anne Frank Families,

Last week, I announced in the weekly Anne Frank Friday email blast that Ms. Lau's will be on a leave of absence, may be to the end of May. We wish her well and look forward to her return. We welcome Ms. Masciello, who will serve as the interim principal at Anne Frank until May 31st, 2018. Thank you for your ongoing understanding and continued support. If you have any questions, please do not hesitate to contact us in the office at (289) 342-1001.

May is revving up to be a very busy month at Anne Frank Public School. On May 16th, families that have students who are entering kindergarten next school year have been invited to our Welcome to Kindergarten Night. This event promises to have new students and parents engaged, informed, and feel at home in their new school.

Math Night is scheduled for Wednesday, May 9th will have our families explore math in our community. The theme of this years math night will be **Mathville!**

On Wednesday, May 30, our school will be hosting Arts Night, which will feature some awesome music from our school band.

After the Victoria Day holiday Grade 3 and Grade 6 students will start writing EQAO. Our teachers have been hard at work ensuring our students have been prepared for this assessment.

Sincerely,

Anna Masciello Interim Principal and D. Chester Vice Principal

"How wonderful it is that nobody need wait a single moment before starting to improve the world."

Anne Frank

BE A LEADER! BE A LEARNER! BE A THINKER! HAVE A VOICE! HAVE FUN!

Daily Schedule

Staff begins outdoor supervision at 8:55 am.
Our school day begins promptly at 9:10 am—please be on time!

Entry Bell	9:10 am
Period 1	9:10-10:10 am
Period 2	10:10-10:50 am
Recess	10:50-11:20 am
Period 3	11:20-12:20 am
Period 4	12:20-1:00 pm
Lunch	1:00-2:00 pm
Period 5	2:00-2:00 pm
Period 6	3:00-3:40 pm
Dismissal	3:40 pm

School Yard/Recess

Spring weather is here! The days are getting longer and the weather warmer. However, the field will remain closed until we receive permission from the school board for students to play on it.

Remember that the spring can still be cold. It is important that students come prepared to go out for recess when it is cold. Make sure your child is dressed appropriately for the weather.

Thank you for your cooperation in this matter.

School Bus Information

Fight the Bite! Protect yourself against West Nile virus and Lyme disease

Whether you are heading outdoors to keep active, go camping or work in your garden, protect yourself and your family against West Nile virus and Lyme disease. West Nile virus is spread to humans through the bite of an infected mosquito, while Lyme disease is spread through the bite of an infected blacklegged tick.

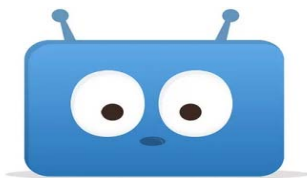

What you can do:

- Cover up; wear light coloured, long-sleeved shirts and pants when you go outdoors
- Use an insect repellent containing DEET or icaridin
- Check yourself and your children for ticks
- Remove attached ticks as quickly as possible
- Clean up standing water around your home where mosquitoes like to breed

For more information on West Nile virus and Lyme disease, visit york.ca/westnile and york.ca/lymedisease

Online Absence Reporting: Edsby is Here!

Using your online Edsby account you can report your child's absence. Please note that families can still continue to report absences by phone.

Ask at our office staff if you have not signed up for Edsby.

Figure This! Math Challenges for Families

There are many ways to engage your family in math activities at home. This math challenges come from the National Council of Teachers of Mathematics website (<http://figurethis.nctm.org/>). We will share May's answer in the June newsletter.

See the answer for April's question below.

FigureThis!
Math Challenges for Families

If you like popcorn,

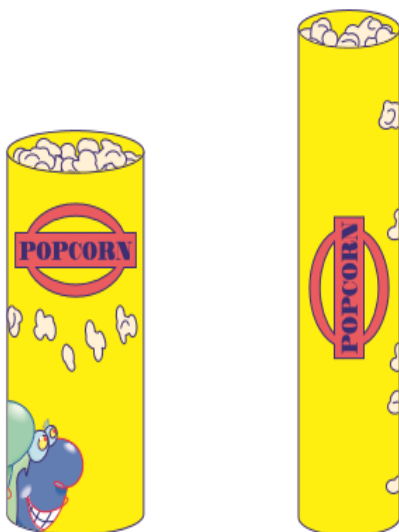

which one would you buy?

Figure This! Take two identical sheets of paper. [An ordinary sheet of paper measures 8 1/2 inches by 11 inches.] Roll one sheet into a short cylinder and the other into a tall cylinder. Set them both on a flat surface. Does one hold more than the other?

Hint: Place the taller cylinder inside the shorter one. Fill the taller one with dry cereal, rice, or popcorn; then remove it from the shorter cylinder. Which holds more?

Making visual estimates and finding volumes are useful skills.

Designers and engineers use these skills to find economical ways to package and protect items.

April Answer: It takes about 15minutes for a heart to beat 1,000 times. On January 10, 2000, your heart would have beat about 1million times. 27 years later your hear would reach about 1 billion beats.

May 2018

- June 28th Early Release Day for Students (Last day of classes)
- June 29th PA Day (No School for Students)

Character Trait for the Month of March **Courage**

We face challenges directly. We seek help from others when necessary. We do the right thing even when it may be unpopular. We are able to recognize risks and danger and do not take unwise risks to gain the approval of those around us.
