Admin Message	<p>Good morning, As of October 17, 2018, it will be legal for individuals 19 and older to buy, use, possess and grow recreational cannabis.</p> <p>It remains illegal for anyone under the age of 19. It is important for you to know that regardless of your age, cannabis is still not allowed on school property or at school-related events at any time.</p> <p>There will be consequences for students if we believe them to be in possession or under the influence of alcohol, illegal drugs or cannabis. This includes considering suspension. If a student is found to be giving alcohol or cannabis to anyone under the age of 19, we will contact police, suspend the student and consider expulsion.</p> <p>There are exceptions if medicinal use is outlined in a student's Health Care Plan.</p> <p>The most important part of this is that we are here to help. It is important that you have the right information and support to make positive and healthy decisions. If you think that you or someone you know has an issue with cannabis or another substance, please reach out to the Guidance department or any of the caring adults in our school.
