Ontario Secondary School Literacy Test – Modified School Day

The Education Quality and Accountability Office (EQAO) has scheduled Wed., March 27, 2019 as the day for students across the province to complete the Ontario Secondary School Literacy Test (OSSLT). To assist in creating the best possible environment for students writing the test, and as a result of changes to EQAO policy, the Board will implement a modified school day. On March 27, secondary schools will follow an exam-style day in which:

- only Grade 10 and Previously Eligible students who are writing the test are required to be at school (no classes for students in grades 9, 11, and 12 will occur);
- students will be dismissed upon completion of the test;
- school bus, minivan, and taxi service will run on their normal schedules; and self-contained special education classes will follow their regular schedule.

For Students Writing the OSSLT

Students writing the test will come to school on March 27 at their normal start time, 8:15 am, to write the OSSLT, beginning promptly at 9:00 am. Based on EQAO timelines for the test, we anticipate that many students will finish writing in about 3 hours. The test is broken down in two separate booklets. The first booklet will take place in the morning and the second booklet will take place in the afternoon. Students will be dismissed upon their completion of the test; however, space will be made available in the school for those who need to remain until regular dismissal time. Additional time is permitted for any student who needs it. Students requiring extra time will continue to write their test during an extended test-taking period.

For Students Not Writing the OSSLT

Although schools will be open, regular classes will not be running. Students who are not writing the test are not required to attend school. Students are encouraged to use the time on this day to review or complete coursework, prepare for upcoming assessments, engage in Individual Pathways Planning, or complete community involvement hours.

Modifying the school day in this way allows schools to provide a calmer environment for students writing the OSSLT, enhance student achievement, maximize teacher supervision and support, availability of classroom space, and access to technology.

We wish every student success on the OSSLT, and appreciate your ongoing support for student achievement and wellbeing.

If you have any questions, please contact the school's administrative team.
