Principal's Message

As we start exams, it is important for all of us to reflect on the excellent school year we have had.

Each member of our school community has contributed not only to the success of individual students but also to the overall accomplishments of Bayview Secondary School. Student and staff dedication, hard work, and respect for self, others and our community have been observed in our classrooms, on the playing fields and gym, in club activities, in the concert hall, on the stage, during community involvement opportunities and in so many other places.

As Principal, it truly is a pleasure to come to Bayview Secondary School each day because I work with such dedicated colleagues and amazing students. I encourage each of you as members of our school community, before the semester ends, to demonstrate your appreciation for those who have made a difference.

To all students, finish strong on your exams.

To our parents, thank you for supporting our efforts and for advocating for the best for your children.

To the many of our staff will be moving on to new challenges next year, all the best!

To our graduates, I will share my parting words with you at our graduation ceremonies.

And to students who will be attending another school next year, I hope that you enjoyed your time at Bayview and are able to share some of the great things that you have learned here with the rest of the world.

We know that our world could use a more Bayview everywhere.

Remember that June 26 and 27 are regular school days and June 28 is Exam Review Day.

On behalf of the Administration team at Bayview Secondary School, I wish you a safe and enjoyable summer.

Sincerely,
Brian Schouten

Students will not be able to book guidance appointments to make course changes at this time.

Board Policies and Procedures

Policies and procedures govern the operation of the Board and our school. To ensure they remain current, the Board reviews policies and procedures on a regular cycle. Seeking feedback from staff and community members, including parents/guardians, is an important part of the review process.

All policies available for comment are sent to school council chairs, and are posted on the [Board website](#) along with information about how to provide feedback. The policies and proposals currently available for comment include:

- The following policies with investigative components:
 - Professional Misconduct and Progressive Discipline
