### Study Hall

The purpose of Study Hall is to provide a space for students who do not have consistent access to broadband Wi-Fi at home and are in school that day for their in-person morning class. During both the lunch period (for those remaining for Study Hall) and Study Hall itself, students will not have in-person access to their own classroom teachers.

Students who need to stay must be **working** on afternoon online courses while being supervised by a staff member. Students will be supervised to ensure safety and will focus on participants' adherence to all Public Health requirements including sitting 2-meters apart.

During Study Hall, students must be respectful of the learning needs of all participants engaging in online classes. Students should use earphones and an appropriate volume while focusing on their learning.

Please note that study hall is for to work on their afternoon classes – not to use study hall and the school's wifi for personal use.

Thank you,

BSS Administration
