### *Sent on behalf of Richmond Green School Council*

Richmond Green School Council is pleased to be hosting Jennifer Kolari on April 11, 2019 between 7:00pm and 8:30pm. Jennifer is a social worker, therapist, author and speaker on a variety of topics regarding communicating and connecting with teens. Last year, her presentation was very well received and this year's presentation extends the experience. This is a **free** presentation open to parents of York Region District School Board students. Please use the link below to register and inform the number of chairs to be set up.

**WHO:** Jennifer Kolari, M.S.W, R.S.W., author and founder of Connected Parenting is a therapist who has been helping children, teens and families get connected for 20 years.

Teaching techniques used by therapists, Connected Parenting empowers parents to use mirroring and empathy to attune to their child's feelings. This helps to set limits, shift negative behaviours and avoid ugly power struggles. Parents learn to help their children and teenagers organize and control their emotions – so they become more confident and emotionally resilient.

**WHAT:** A workshop on how to use the tools that therapists implement to help children develop the emotional and neurological hardware they need to deal with whatever life throws at them! As the author of Connected Parenting, Jennifer will discuss her CALM technique which helps to de-escalate behaviour while building trust and increasing emotional resilience in children

**WHEN:** Thursday April 11, 2019. 7pm to 8:30pm

**WHERE:** Richmond Green Secondary School

## Allergies and Food at Bayview S.S.

Dear Bayview parents. We have various life threatening allergies at Bayview SS. Please ensure that your son/daughter refrains from bringing peanut butter, and egg based products in their packed lunches. ## Important Reminders

We want to remind students that the use of electronic products such as vaping, electronic cigarettes and cigars as well as cartridges of nicotine solutions and related products are not permitted on or within 20 metres of school property. This means 20 metres *beyond* the school boundaries as opposed to simply off of school property. [Health Canada](#) reports health risks associated with vaping particularly for young people.

This is in compliance with the Smoke-Free Ontario Act, which is enforced locally by York Region Community and Health Services and the [Tobacco and Smoke-Free Environment Policy and Procedure](#). A progressive form of discipline, including potential suspension from school and [fines](#) (up to \$5,000), is in place for students who break the law.

For more information visit Health Canada or the Board website. [Partnership for Drug Free Kids](#) also provides a resource on how to talk to your kids about vaping.

- Students are expected to behave in a respectful manner during the entire school day
- This includes during lunch time when students are on and/or off school property (e.g. stores and restaurants by the school)

- Students must be dropped off and picked up at the south end of the school in a way that will not obstruct traffic around the school

### Important Information for Parents/Guardians Regarding Extraordinary Absences Exceeding 3 days:

- Students are expected to be in full attendance every regular school day except in the case of illness. Extraordinary absence may occur under certain circumstances. Parents should keep in mind that a very close relationship exists between regular daily attendance and success in school. Some families plan trips during the school year due to scheduling of vacations from work or to take advantage of low travel costs. When this occurs, students miss valuable learning which can impact on their success. Even brief absences can have a negative impact. Family trips can be a wonderful learning experience, but should be saved for school vacation time, such as March Break.
- Before withdrawal for any vacation not in the school calendar, check with your child's teacher to find out what effect a long vacation may have on your child's progress.

- Complete the **Extraordinary Absence Form** found in the main office.
- You will be responsible for the continuity of your child's learning when they are absent from school.
- Students must consult with their teacher before the planned absence in order to determine their standing in each of their courses and obtain any assignments that will come due during or immediately following the absence, if available from the teacher.

**It must be noted that:**

- a. It may not be possible for a student to learn all of the material or complete all of the work that was done in class during their absence.
- b. Assignments must be submitted on time to be eligible for grading. Tests missed MAY receive a mark of zero ("0")
