School Start-Up Forms

Parents/guardians received an email from YRDSB Update with important school start-up forms to complete. It is important that these forms are completed as soon as possible at the start of the school year as they contain important information and permissions.

The forms can be found at <https://startupforms.yrdsb.ca/>.

A link to the forms can also be found on the Family Resources page of the Board website at www.yrdsb.ca/familyresources. Click on the [Need Help link](#) beside Family Startup Forms for additional information on how to log in to the Student GAPPS account to complete the forms.

Please note:

- You **must be signed in to your child's student GAPPS account** to complete the form. Please remember to sign out of one account before signing into another. Additional information is available on the Board website on [how to login to the student account to complete the forms](#).
- The forms should be completed for each student, whether they are attending school in person or participating in remote, online learning.
- If you prefer to complete the forms on paper or have questions about the information in the forms, please contact the school office.
- Parents/guardians must complete a separate form for each child attending school. Please ensure you log out of one student account before logging into another. You will not be able to submit the form twice logged into the same student account.

Ministry Compliance - School Reorganization

At the end of September each year every school reviews their enrollment numbers to ensure our classes are in compliance to Ministry Class Size guidelines. As such, each year there is a possibility that some students may switch classes or that the school reorganization will change. Please see the attached letter from the director.

If required, any students or classes requiring changes will receive direct communication from the principal this coming week and prior to the PA day this Friday.

Curriculum Night (In-Person)

We are excited to invite parents/guardians to our In-Person Curriculum Night on the evening of Thursday, September 29th.

You will have a chance to meet the teacher, see the classroom and hear about the grade curriculum. This is not an evening for individualize conferences/conversations, as the teacher will be speaking to the larger parent group. As well, we ask that you try to attend each session on time so that the teachers can keep to the timeline of leading two sessions. Please see the flyer attached to the weekly for further details.

We hope to see you there!

Note: A social community event will take place one evening later in October.
