# Cross Country Running Regionals

Last Friday, students who made it to cross-country running Regionals had a fantastic day at the last competition of the year! This is a very competitive event. In some of the groups, students who qualified to run on that day had been in the top 120 of 3,000 students in the York Region District School Board. All participants did an outstanding job, often needing to run after waiting in the starting area in cool weather. The grade 8's even had a bit of rain as well.

Congratulations to all the students for their effort and enthusiasm!

## REMEMBRANCE DAY ASSEMBLY

On November 11th 11-12pm, there will be a Remembrance Day Assembly in the gymnasium. A number of classes will be performing along with the school choir. Parents are welcome to attend. A reminder to sign in at the office upon entry.

## OFFICE NEWS

A reminder that when you drop off items for your children, in order to reduce traffic flow and increase safety in the office, we ask families to use the drop off system/table at the entrance.

## NOVEMBER HEALTH & WELLNESS TIP

As we move into November, it's important to prioritize health and wellness as the cold season approaches. Encourage your children to wash their hands regularly, stay active, and eat healthy meals. Remember to check their winter gear to ensure they're prepared for the chilly days ahead. Let's keep our students healthy and happy this month!

## LEGO ROBOTICS

Exciting news for our Junior and Intermediate students! The Lego Robotics Club will be starting next week, offering a unique opportunity for students to engage in coding and hands-on building with Spike Prime Robots. We'll meet twice a week during lunch in November and December, and every lunch hour in January. The club welcomes both new and returning students who are interested in learning about robotics, problem-solving, and teamwork. If your child loves building, technology, or is curious to try something new, the Lego Robotics Club is a fantastic way to learn new skills in a fun, supportive setting!
