Dear Parents/Guardians,

Preparations are under way for our fabulous Winter Concert (Monday Dec. 18 @ 1:30) and Music Night (Wednesday Dec. 20 @ 6:30 PM). We are excited to show off the talents of your children and entertain you for the upcoming winter holidays. Hope to see you here! Don't forget to purchase tickets to vote on your favourite Gingerbread House; many groups of teachers created masterpieces and we all hope our houses go to a good home. All money raised from the raffle will go to support Yellow Brick House: a charity that supports women and children struggling in an abusive home. The draw will be made at Music Night to allow as many tickets to be sold as possible, and to allow families to pick up their winnings before the break.

Our Grade 8's have been enjoying their preparations for a school video dance being held on December 21. All students will have the opportunity to participate in this planned event. Optional purchase of popcorn, frozen yoghurt and tickets to participate in the games room and other activities have been posted on School Cash. The proceeds of these sales will be going towards the Grade 8 graduation. Thank you for supporting their effort and fun!

This week has seen several grades become scientists and manipulate a variety of Science concepts. Scientist in the Classroom programs require the assistance of parent volunteers and we sincerely appreciate the help of those parents who make time from their busy schedules to lead and learn from the children. Thank you for answering the call of your teachers when you are able to assist in your child's classroom.
