

November 24, 2017

Dear Parents and Guardians,

It was very nice to see so many of you over the last 2 days for our Parent Teacher interviews and Student-led conferences. Thank you for taking the time to learn more about your children's progress and how you can support them at home. We work hard to help your children find success academically and socio-emotionally and sincerely appreciate our partnership in their overall education.

We had some lovely and refreshing entertainment by Aurora High School band who visited us on Wednesday. This was especially exciting as we have such a rich music program at Beynon Fields, that watching older performers makes our students strive for an even higher level of achievement.

Our Scholastic Book Fair was once again a resounding success and many students benefitted from purchasing their very own new French books. Thank you to our parent volunteers who assisted in organizing and selling at various times of the day. We even enjoyed a special visitor who helped out this year- Mme Landry! Both students and staff were happy to see her and we are glad that she is enjoying her retirement. We made over \$7400 in sales. Happy Reading!

Many grades have had their Science programs enriched with Scientist in the Classroom hands-on, curriculum based presentations. It is thanks to your fund raising dollars that School Council has funded these worthwhile programs again this year.

School Council has been looking into better lunch options for the children. They have voted unanimously to switch from Kids Kitchen to **Lunch Lady** beginning in the new year. Lunch Lady has many more options at a cheaper price. The new lunch program will begin in the 2018 new year.

Our boys and girls intermediate volleyball teams have enjoyed success They placed 3rd and 4th respectively. Great teamwork!

Attached to this email please find:

- * a flyer for our  [2017 Beynon Fields Craft Night.pdf](#) being held on Dec. 8.
- * information from our Board regarding  [FI-registration-information.pdf](#)
