Every student in this school applied to and entered B.C.S.S. knowing that we had a uniform policy

**The Ready to Learn** initiative will be ‘reintroduced’

Staff are encouraged to greet students as they enter the room for all periods, including ILIP, set a positive tone by saying hello, engaging students in conversation whenever possible, and encouraging any student who needs reminding, that “At this school we wear the uniform”

# Community Involvement Hours

80 hours over course of 4 years

The purpose of the community involvement requirement is to encourage students to develop an understanding of civic responsibility and the role they can play in supporting and strengthening their communities. Community involvement increases student awareness of community needs and how they can make a positive difference. Helping others enhances self-image of students and fosters a greater sense of belonging. Parents/guardians can help by encouraging students to volunteer and develop lasting ties within their communities.

# Remind App

The image shows a laptop screen displaying the Remind app sign-up page. The page has a light gray background and features the Remind logo at the top left. The main heading reads "Sign up for important updates from BCSS." Below this, a sub-heading says "Get information for Parents right on your phone—not on handouts." A section titled "Pick a way to receive messages for Parents:" contains two options. Option 1, "If you have a smartphone, get push notifications," includes instructions to visit [rmd.at/bcssparent](http://rmd.at/bcssparent) and a screenshot of the app's sign-up form on a smartphone. Option 2, "If you don't have a smartphone, get text notifications," includes instructions to text [@bcssparent](https://www.10000000000.com) to the number (807) 788-2048 and a screenshot of a text message on a smartphone. At the bottom, a note says "Don't have a mobile phone? Go to [rmd.at/bcssparent](http://rmd.at/bcssparent) on a desktop computer to sign up for email notifications." The laptop's taskbar and keyboard are visible at the bottom of the frame.
