Students are expected to complete all final summative assessments at the place, date and time indicated by the teacher and by the examination schedule provided by the school. Students cannot leave early for vacations, employment or other activities. In the case of an unexcused absence, a zero may be assigned for the missed portion of the final evaluation assessment and used in determining the final percentage mark on the report card."

Human Rights Commissioner's Office

York Region District School Board is committed to creating safe, equitable and inclusive learning and working environments. As part of this commitment, the Board established a Human Rights Commissioner's Office (HRCO).

The HRCO was created in response to a growing awareness that a space was needed within the school board environment to effectively address issues of discrimination and harassment specific to the Human Rights Code.

The HRCO is an arms-length office for Human Rights Code compliance under the Board's Human Rights Policy.

The HRCO website provides the YRDSB community access to important information related to human rights, a confidential complaint reporting process and contact information for the office.

The website can be found at www.yrdsb.ca/hrco.

School Bus Cancellation Notice

To ensure the safety of students, school bus service may be cancelled due to inclement weather, extreme temperatures and/or poor road conditions. In these cases, parents and students should develop alternate care/transportation arrangements.

Cancellation decisions will only be made after thorough consultation with the Safety Officers of school bus companies servicing York Region and are based on several factors including precipitation, air temperature, road conditions and weather forecast.

Please note the following;

- A decision to cancel school bus service will be region-wide meaning all school buses, vans and taxis will not operate. Both the YRDSB and YCDSB operate many regional educational programs. Students attending these programs are transported over large attendance areas encompassing several municipal boundaries which prevents the ability to cancel bus service using a municipality or zone methodology.
- When bus service is cancelled all school tests and/or examinations will be cancelled and rescheduled.
- Student trips involving the use of school buses will also be cancelled.
- Unless otherwise stated, schools will remain open and parents can make arrangements to transport their children to and from school even if school bus service is cancelled. If buses are cancelled in the morning, they will not operate in the afternoon. Therefore students transported to school by parents will require the same transportation home.

A bus cancellation message will be available at www.schoolbuscity.com, by calling 1-877-330-3001, or by following @YRDSB and @YCDSB on Twitter.

Parents, students and school staff may also access the following radio and television stations after 6:00 a.m. to receive bus cancellation information:

FLU SEASON IS HERE

Get the flu shot as early as possible

The first and best step to preventing the flu (or influenza), is to **get the flu shot every year**. The flu spreads quickly and easily from an infected person to others and anyone can get it. Getting the flu shot can protect you, your family and those around you.

Students may be at higher risk of getting the flu as they come together in close public spaces including the classroom, gymnasium, cafeteria and library.

The flu shot is especially important for students who have a chronic condition (e.g. asthma, diabetes) or those who live with or have close contact with a pregnant woman, kids less than five years old, or a resident of a nursing home or other chronic care facility since these groups are at higher risk of getting very sick or being hospitalized because of the flu.

Flu shots are free and are readily available at:

- Health care provider's offices for people six months of age and older
- Participating pharmacies, for people five years of age and older

In addition to getting the flu shot annually, here are some other health tips that can help prevent the spread of the flu:

- Wash your hands well and often with either soap and water or alcohol based hand rub
- Cover your mouth and nose when you cough or sneeze (if you do not have a tissue, cough into your upper sleeve)
- Avoid touching your eyes, nose and mouth
- Stay home when you're sick
- Clean and disinfect surfaces and shared items

It's important to get the flu shot as early as possible as it can take nearly **two weeks** for the influenza vaccine to take full effect.
