

## AGENDA PLANNER – Grades 1-8 students

### SCHOOL SPECIFIC INFORMATION Booklet – JK, SK & students not purchasing

In order to support student achievement and responsibility towards personal learning; all students in grades 1-8 are encouraged to use an Agenda Planner. Age-appropriate School Agendas will be available to students for approximately \$7.00 during the first week of school.

The Agenda will contain our **School Specific Information** at the front.

The first page is a double-sided sheet with instructions for parent / guardians and their son / daughter(s).

Should you choose to provide a different Agenda Planner, you will need to acquire a yellow coloured School Specific Information book, from the Office or your child's Homeroom Teacher. It will contain the same School Specific Information and the same *Tear Out Sheet* as the School Agenda.

This information will be accompanied by our Board's **Guide to the School Year for Students and Parents**.

These information booklets should be kept available for ready reference throughout the school year.
