Land Acknowledgement

We affirm that we are all treaty people and acknowledge that the York Region District School Board is located on the lands of two treaties. These treaties have been signed with the Mississaugas of the Credit First Nation and the First Nations of the Williams Treaties who are: the Mississaugas of Alderville, Curve Lake, Hiawatha, Scugog Island; and the Chippewas of Beausoleil, Rama, and Georgina Island who is our closest neighbour and partner in education.

To honour this agreement we will take up our responsibility to be respectful of their traditions, knowledge and inherent rights as sovereign nations. We will respect their relationship with these lands and recognize that our connection to this land is through the continued relationship with these First Nations, and we acknowledge our shared responsibility to respect and care for the land and waters for future generations.

Ancestral Land Acknowledgement

We would like to acknowledge the African ancestors, those Indigenous to the African continent. It is important to acknowledge the generations of people of African descent who were forcibly brought to this land.

We encourage you to think deeper about the processes that led to dispossession of Indigenous people on this land - settler colonialism and how these same processes displaced and forcibly removed Indigenous Africans from their lands to exploit their labour in the imperial endeavours to create a new world.

We want to also acknowledge the historical and contemporary resilience of Black people of the African diaspora as they have and continue to unequivocally resist oppression; demand for social justice to dismantle oppressive practices, systemic and institutional racism; and make incredible contributions to our societies serving as examples of excellence and inspiration. We pay tribute to their sacrifice.

Helping Students to Graduate within 4 Years

In the 2013-14 school year, the Ministry of Education put in place a 34 credit threshold.

What is the 34 Credit Threshold and how does it apply to you?

34 Credit Threshold

- You need 30 credits to meet Ontario Secondary School Diploma graduation requirements. Most students will complete these credits within four years. If needed, you may earn up to 34 credits within five years.
- While enrolled in your first four consecutive years of secondary school, you may go beyond 34 credits.
