LAND ACKNOWLEDGEMENT

We affirm that we are all treaty people and acknowledge that the York Region District School Board is located on the lands of two treaties. These treaties have been signed with the Mississaugas of the Credit First Nation and the First Nations of the Williams Treaties who are: the Mississaugas of Alderville, Curve Lake, Hiawatha, Scugog Island; and the Chippewas of Beausoleil, Rama, and Georgina Island who is our closest neighbour and partner in education.

To honour this agreement we will take up our responsibility to be respectful of their traditions, knowledge and inherent rights as sovereign nations. We will respect their relationship with these lands and recognize that our connection to this land is through the continued relationship with these First Nations, and we acknowledge our shared responsibility to respect and care for the land and waters for future generations.

TONIGHT JACK.ORG FOR ADULTS

- Jack.org is a Canadian charity training and empowering young leaders to revolutionize mental health in every province and territory.
- Through [Do Something](#), [Jack Talks](#), [Jack Chapters](#), and [Jack Summits](#), young leaders identify and dismantle barriers to positive mental health in their communities.
- And through [Be There](#), we give people the mental health resources they need to educate themselves.
- We're working towards a Canada where all young people understand how to take care of their own mental health and look out for each other.
- A Canada without shame, and where all those who need support, get the help they deserve.
- The movement is powered by tens of thousands of advocates and allies across every province and territory of Canada.

ABOUT OUR GUEST SPEAKER: ASYA TWAHIR

- Graduated from the University of Toronto Mississauga with an Honours Bachelor of Arts in Political Science.
- Has held a number of different roles including Research Assistant, Urban Researcher, and Fundraiser.
- Joined Jack.org (as the GTA Program Coordinator) because I think it has so much potential to do so much amazing good for the youth in this country.
- Mental health, though largely accepted as an unignorable reality, has a long way to go in this country - stigma is still prevalent for some, social determinants are often overlooked, and systemic change can be an incredibly lengthy and frustrating process.
- To be able to support our wonderful network of youth in their passions and motivation towards tackling those issues in the mental health space - that's what drew me to Jack.org and it's what encourages me to continue doing what I do, in the best way that I can.

TONIGHT JACK.ORG FOR ADULTS

EMAIL FROM ANOTHER SCHOOL

For the past number of years school councils in Newmarket (E&S) have gathered together and used their PRO grants to support a 'Speakers Series' for these schools/community. Yesterday the HHSS Chair and I spoke. He noted that he has been in discussion with those that have organized it in the past and they will be doing this again this year. I'm not sure how many schools are involved...but it's quite a few. These events were face 2 face gatherings before, but obviously were virtual last year. Planning for virtual again this year.

I wonder if all North schools would like to be involved. Not sure what the Newmarket Parent community would say...but they do a great job putting it all together.

I know this isn't a different idea from what you noted below...but perhaps this is an opportunity for all North communities.

I welcome approaching the Newmarket Parent group. Some of you may know Shameela (parent) who has spearheaded this for numerous years. I could connect with her to ask if she would be interested in expanding.

Thoughts?
