

Grade 9 Electives at Dr. J.M. Denison S.S.

New! Introduction to Spanish – LWSBD1

This course provides opportunities for students to begin to develop and apply skills in listening, speaking, reading, and writing in the language of study. Students will communicate and interact in structured activities, with a focus on matters of personal interest and familiar topics, and will read and write simple texts in the language. Throughout the course, students will acquire an understanding and appreciation of diverse communities in regions of the world where the language is spoken. They will also develop skills necessary for lifelong language learning.

Grade 9 Visual Art
AVI-101

Expressing Aboriginal
Cultures
NAC 101

AVI101 - This course is exploratory in nature, offering an overview of visual arts as a foundation for further study. Students will become familiar with the elements and principles of design and the expressive qualities of various materials by using a range of media, processes, techniques, and styles. Students will use the creative and critical analysis processes and will interpret art within a personal, contemporary, and historical context

NAC101-his course will explore a variety of contemporary and traditional First Nations, Métis, and Inuit art forms such as new media, storytelling, installation and performance art. Students will examine the interrelationships between Aboriginal art forms and individual and cultural identities and values. They will create art works to express their own ideas and understanding of Aboriginal identity, relationships, and sovereignty by using a range of media, processes, techniques, and styles.

Grade 9 BTT10 Communication and Information Technology

This course introduces students to information and communication technology in a business environment and builds a foundation of digital literacy skills necessary for success in a technologically driven society. Some of the skills include:

- How to format a resume and fill out application forms.
- How to create and format letters of application.
- How to evaluate websites.
- How to design an effective website.
- How to use technology in ALL areas of their education. Eg. letters and reports, create electronic presentations, and use desktop publishing, databases, and spreadsheets

HFN 101/201 - Food and Nutrition

Do you like to eat? Do you enjoy cooking? Maybe you would like to brush up on your cooking skills. Would you like to learn about healthy eating and nutritious meal planning? Would you enjoy learning new, quick and easy recipes that you can prepare for yourself, family and/or friends? If any of these topics sound interesting to you, then consider taking Grade 10 Food and Nutrition, a Social Science credit that will help you throughout your life.
