Dear families,

The purpose of this letter is to share cohort and start date information regarding the second rotation of the second semester, where period 2 is running in the morning.

NEW: During the second semester, there will be a few Teacher Feedback Support days scheduled. These days will provide additional opportunities for students to receive feedback in support of student success. The first of these days is scheduled for this Friday (February 26). See details and schedule below.

Cohorts have been created for all classes.

- You can identify your cohort using the two-digit number beside the course code. If the last two digits are between 01-49, you are in Cohort A. If the last two digits are between 51-99, you are in Cohort B. For example, ENG1D1-06 is Cohort A.
- Students should check Teach Assist to verify their cohort for block/period 1. **Cohort placement may change for each block/period.**

When students access TeachAssist they will see a chart similar to below:
