

## **ANAPHYLACTIC REACTIONS PROTOCOL**

TO BE COMPLETED BY PARENT AND SCHOOL \*ANNUAL UPDATE REQUIRED\*

Ple	ease note that the gray shaded areas are to be	completed by school staff once the	form is returned by the parent.			
STUDE	ENT'S NAME (please print):					
HOME	ROOM TEACHER'S NAME:					
My child has been diagnosed as anaphylactic by his/her physician, s/he is allergic to:						
			··			
Addres	s	PLACE PHOTO HERE (Parent to provide photo upon				
		registration and September of each of the following years)	In Office $\Box$			
Phone # contact during the day			Other:			
Physician's Name:			EXPIRY DATE OF EPIPEN:			
Phone	#					
POSSIBLE SYMPTONS:			LIST ADDITIONAL/ OTHER SYMPTOMS FOR YOUR CHILD:			
	flushed face, hives, tingling in the mouth, swelling or itchy lips, tongue, eyes					
	tightness in throat, chest					
	difficulty breathing or swallowing, wheezing, coughing, choking					
	vomiting, nausea, diarrhea, stomach pains					
	loss of consciousness					
	fear and/or panic					
ACTIO	N – EMERGENCY ACTION PLAN:					
	Use EpiPen® immediately					
	DESIGNATE SOMEONE TO CALL AN AMBULANCE and advise the dispatcher that a student is having an anaphylactic reaction (a severe life-threatening allergic reaction).					
	Call parent/guardian					
	If ambulance has not arrived in 15 minutes and breathing difficulties are present or student is unconscious give second EpiPen®.					
	The student must be taken to a hospital immediately, even if symptoms subside entirely.					
	Send second EpiPen® with the ambulance if it has not been administered.					

I realize that it is my responsibility to:

- provide both the school and the student with one in-date EpiPen® each (two in total) to use at school;
- ensure that my child carries his/her EpiPen® at all times and that the second EpiPen® will be administered in
  the event that the ambulance hasn't arrived within 15 minutes of the first application and breathing problems
  persist;
- alert the school to my child's anaphylactic allergies by completing the anaphylactic reactions protocol, the
  request for administration of medication or advisement of self-administration of medication on the forms
  prescribed upon registration of my child and each September if my child is a returning student;
- replace the EpiPen®(s) in advance of the listed expiry date;
- provide a picture of my child to the office each September; and
- call the school to schedule a meeting with the teacher/principal to discuss my child's anaphylactic reactions
  protocol if I so desire.

I understand that even if I consent to let my child self-administer medication, the severity of my child's reaction and/or anxiety may hinder any attempt to do so and as a result, my child may require the assistance of medically untrained staff.

I give permission to the school principal to post my child's picture and a copy of this form anywhere in the school so that all staff are alerted to this situation.

I give permission to the school principal to share this information with Student Transportation Services.

I give permission to the school principal to share this information with cafeteria services (secondary schools).

I give permission to the principal to share this information with Student Transportation Service and the secondary school level with cafeteria food services.

I will consider providing my child with suitable identification, for example, MedicAlert®, in the event of an emergency.
