

School Council Meeting October 27, 2022

Acknowledgment of the Land

We affirm that we are all treaty people and acknowledge that the York Region District School Board is located on the lands of two treaties. These treaties have been signed with the Mississaugas of the Credit First Nation and the First Nations of the Williams Treaties who are: the Mississaugas of Alderville, Curve Lake, Hiawatha, Scugog Island; and the Chippewas of Beausoleil, Rama, and Georgina Island who is our closest neighbour and partner in education.

To honour this agreement we will take up our responsibility to be respectful of their traditions, knowledge and inherent rights as sovereign nations. We will respect their relationship with these lands and recognize that our connection to this land is through the continued relationship with these First Nations, and we acknowledge our shared responsibility to respect and care for the land and waters for future generations.

Role of School Council

The role of the School council is to provide advice on school matters and help to strengthen the important relationship between schools, parents/guardians and their communities.

Norms:

We will:

- Take the opportunity to reflect
- Be open-minded and objective
- Respect participants and opinions
- Refer parent or student issues to the teacher or administration
- Begin and end on time

Role of the School Council

- supporting and promoting family and community engagement in advancing student achievement and well-being in an equitable and inclusive manner;
- participating in the development and implementation of the school improvement plan
- communicating with and providing ongoing advice to the principal on school-related matters
- collaborating with the principal to coordinate community resources that support student learning, achievement and well-being;
- understanding and communicating with members of the community about the roles and responsibilities of school councils

All attendees at meetings should have an opportunity to have input into the discussions of the council but responsibility for making decisions is up to the duly elected council members who represent the entire school community.

It should also be noted that voting on controversial issues is seldom the best approach. Reaching a consensus that all members can support is often the better way to handle matters of this nature.

(School Council Handbook pg 33)

School Improvement Planning Connections

Exploring our learning environment

- Supporting goals of mental health and well-being
 - Welcoming and inclusive spaces
 - Students feel like they belong and they matter

Take a Walk...

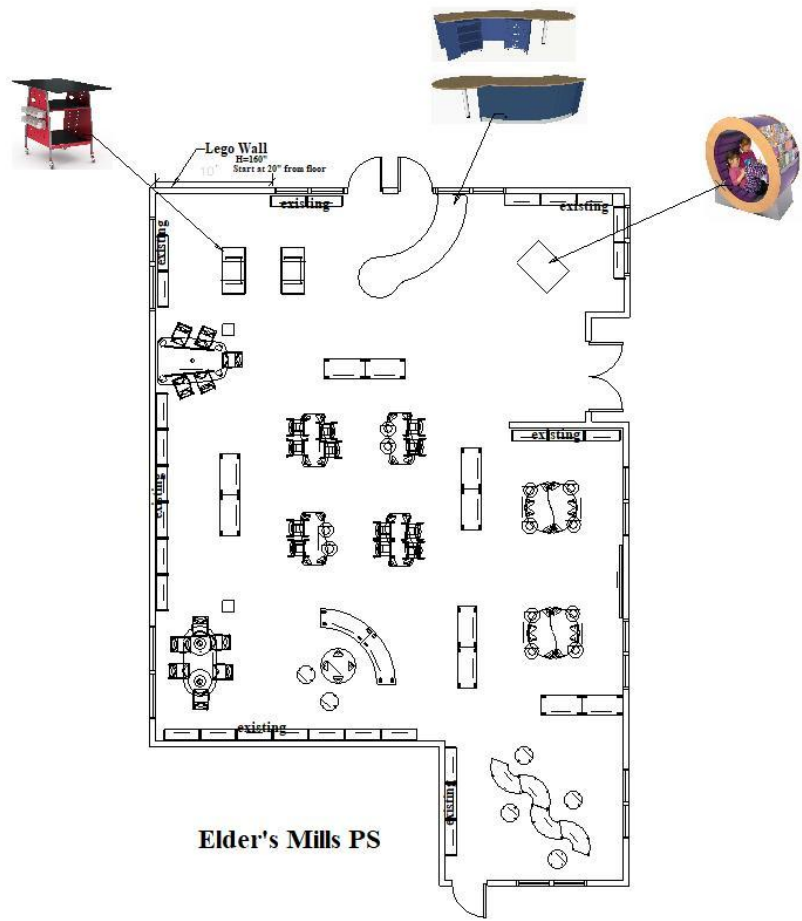

Take a walk through the halls, the first floor, the second floor, this library. Please take a conscious look at the environment (i.e. halls, walls, doors, floors, posters, light, etc.) around you and consider the following questions:

What do you <u>see</u> ?	What do you <u>feel</u> ?
What do you <u>think</u> ?	What do you <u>want to know</u> ?

When you return, record your responses to the above questions on the corresponding colour post-it. Please record one thought per post-it.

Tru Earth Eco-Strips are the smartest way to clean laundry, period.

Each laundry strip packs ultra-concentrated, hypoallergenic, eco-friendly cleaning power into a tiny, pre-measured strip of liquidless laundry detergent that you just toss in the wash. Its low-sudsing formula works in all types of washing machines, including high-efficiency (HE). The smart formulation effectively seeks out and dislodges dirt molecules and stains, keeping them in suspension until they are rinsed away. It makes your laundry washing chore easier, more economical, and much kinder to our planet.
