Morning Announcements

The time school announcements are made during the school day is changing. Currently announcements are made at the beginning of period 1. It will be shifted to the end of period 1. This will help students be in class on time for **8:00am**. This change will take effect on **Monday, January 8**. In addition this will help to ensure all of our students are able to hear the announcements and not miss important information as sometimes busses are late to the school, and some of our Grade 12 students have period 1 spare.

New Timetable as of January 8, 2024:

Schedule	Start	End

Hall Passes

In an effort to promote student safety and in consultation with our school council and school community members, we will be implementing a hall pass system. Each teacher will be given a hall pass for their classrooms and students wishing to leave the classroom to use the washroom must have a hall pass. Staff will also be tracking the time that a student leaves the classroom and when they return back to class.

Winter Weather

With the arrival of winter weather, we wanted to provide some important reminders about the steps we take to keep students safe when severe weather occurs.

School Transportation Cancellations

School transportation (buses and taxis) may be cancelled due to extreme cold or inclement weather. On these days, schools will remain open unless otherwise stated. If school transportation is cancelled in the morning, it will also be cancelled in the afternoon. Any special or hot lunch days and field trips will also be cancelled.

Families should use their best judgment to decide whether to send their children to school on extreme cold or inclement weather days. Students will not be penalized for missing school on those days. For safety reasons, please ensure you let the school know if your child will not be attending school that day.

School Closures

Emergency closures will be considered when conditions may not be safe for students and staff members to attend school for the full day. This may include events that significantly limit school operations or access to the school site (e.g., widespread, prolonged power failures or downed power lines).

In keeping with our current practice, we will continue to keep our schools open as much as possible. However, it is important that families have alternate childcare arrangements planned for the rare occasions when schools may be closed. Before and aftercare programs will not operate if schools are closed.

Communication to Families

Decisions about school transportation and school closures will be made as early as possible and no later than 6:00 a.m. We will do our best to notify families in advance when we may be considering closing school and Board offices. Transportation cancellations or school closures are communicated through:

- Student Transportation Services: www.schoolbuscity.com /1-877-330-3001
- [Board](#) and school website
- [@YRDSB](#) Twitter account
- Radio and TV media outlets

YRDSB Immunization Catch Up Clinics

Immunization Catch Up Clinics will be happening on February 5, 2024 at Emily Carr Secondary School. More details to follow.

Vaccine Eligibility and Parents/Students Communication Parents/students will be notified by mail in January of missing routine immunizations they are eligible to receive at their in-school immunization clinic in February.

Also, students who missed an in-school clinic may visit their health care provider or book an appointment at a Public Health community immunization clinic to obtain any missing routine immunizations.

Students can now vote for Student Trustee

Students in Grades 5-12 will have an opportunity January 15-19 to participate in voting for the student trustee candidate who will represent our geographic area of the school board. All students in Grades 5-12 will receive an email in their GAPPS account. The email will include a link to a Google site where they will find information about candidates in our area, and a link to a form where they can submit their vote.

One candidate will be selected by students to represent each of the four areas of the school board in the final vote. In the final vote, scheduled for February, students can vote for two candidates who will represent them during the next school year.

Student trustees play an important role representing students in the school board. They network with students, staff and the Board of Trustees to share information that gives students a meaningful voice. This is an important opportunity for students to participate in the student trustee elections and vote for the students who will represent their voice, so we encourage students to check their email and take the time to vote.

Learn more about the role and the election process at www.yrdsb.ca/studenttrustees.

SEVERE WEATHER

Information regarding bus cancellations, inclement weather, and school closures will be posted on the York Region District School Board website. If an Inclement Weather Day occurs during the scheduled exam period of January 25 to January 30, forcing the cancellation of all exams on a given day, the day for rescheduling those exams will be Wednesday, January 31 and/or Thursday, February 01. Exams will begin at 8:30 a.m.

ABSENCE

Illness and court appearance are the only two valid absences during exams. If you are unable to be present for an exam, you must present a medical certificate or a court order. Failure to do so will result in a mark of zero for the exam and may jeopardize your credit. A court order must be presented prior to the writing of an exam so that alternate arrangements can be made. The medical certificate must be presented to the Vice-Principal as soon as possible, or at the latest, prior to the end of the exam week, so that exams may be rescheduled.

LATE ARRIVAL

If you arrive up to 30 minutes late, you should go directly to your exam room. You will only be given the remaining time for the exam. If you arrive more than 30 minutes late, you should go to the Main Office to speak to a Vice-Principal.

EXAM WEEK

During exam week, you are required to be at school only when you are scheduled to write an exam or culminating activities. To see your teacher for extra help, you must book an appointment in advance. Students may study quietly in the library, or in small groups in the cafeteria. Students are not permitted to be in the halls, or to go to their locker when exams are being written. The cafeteria servery will be closed during exams.

EXTRA HELP

Students seeking extra help must book an appointment with their teacher(s) in advance. As students are not permitted to be in the halls during exam times, appointments should be scheduled outside of exam hours.

DURING AN EXAM

- Textbooks to be returned should be placed on your desk.
- Other books, pencil cases, jackets, bags, notebooks, etc. are not allowed in the exam room.
- Electronic dictionaries, cell phones and other electronic devices (i.e. watches that connect to phones) are not to be used during an exam. Cell phones must be shut off and out of sight during exams.
- Students may not communicate or share resources with any other students once an exam has begun.
- Students must remain in the exam room for the entire duration of the exam.

EXTRA TIME

Students with an Individual Education Plan (IEP) and Multi Language Learners (MLL) who have the accommodation of extra time, may continue their exams with their teacher or be escorted to the provisions room (room 116).

Arrangements must be made in advance with the Special Education Resource Teacher (SERT) for any student with an IEP who wishes to begin their exam in the provisions room.

Student Mental Health and Addictions Newsletter

January 2024

YRDSB Mental Health services are provided by YRDSB psychology and social work personnel

New Beginnings and Exams

Dear Families,

After the winter break we are welcomed back to school and to a new beginning of the 2024 calendar year. We recognize that many of our students and families follow various acknowledgements of the calendar year, and that new beginnings are happening all the time. This provides us with many opportunities to begin anew.

When experiencing transitions, such as the beginning of a new year, we can become aware of parts of the transition that are joyful, and the parts that are challenging. We can help our children learn that it is OK for new things to feel uncomfortable and exciting, or to be curious and tentative about what the new year will bring. For some of our secondary students this new year will bring their first experiences with exams.

While some students may be entering their first exam season with a sense of confidence, some students may be feeling a mix of emotions such as: stressed, overwhelmed, or uncertain. How can we help our youth through this new chapter of their lives? One thing we can do is listen to our children when they talk to us about their emotions, including those related to exam stress. As we listen, we can also validate their emotions. While this may seem like a small act, it is hugely impactful because it makes youth feel heard, understood, and supported.

It might also be beneficial to remind youth of the times they have put their best efforts into taking a test, or times when they've taken a test and have been proud of

YRDSB Mental Health

their performance. In reminding them of these experiences, you might also encourage them to think about the strategies they used to study, prepare and feel confident for these tests. Everyone will have different strategies and that is OK. For some it might be studying while listening to music, or studying at a certain time of day. For others it might be preparing a study schedule, prayer and contemplation, eating healthy, or asking for additional academic help. No matter the strategy, it's helpful to encourage youth to remember what has worked well for them in the past. Finally, remind youth that exam results are not the sole definition of success. Even if they don't do as well as they would like to on their exam, encourage them to think about how they could continue to learn, grow and, ultimately, improve their understanding after the exam. This can help take some of the pressure off of taking exams. The Central Mental Health team met with Youth S.P.A.C.E. Student Leaders and a Student Trustee to talk about managing stress and mental health during exams. As we navigate the winter months, it is also essential to prioritise the well-being of our young learners. Some tips to ensure a healthy and happy winter season include outdoor play, healthy snacking, group reading and more.
