Message from Administration:

As we head into the final stretch of the school year, we want to thank you for your continued support. It's hard to believe we're already in the last few days of classes!

A reminder that **exams begin on Wednesday, June 18**. Students are encouraged to review their schedules, arrive on time, and come prepared with everything they need. This is an important time for students to demonstrate their learning and finish the year strong.

Please help your child stay focused and balanced during this time by encouraging healthy routines, consistent review, and plenty of rest.

We're proud of all that our students have accomplished this year and look forward to a strong finish.

Family Dashboard

As we reach the end of the school year, schools will be sharing student report cards by June 30 for elementary schools and July 10 for secondary schools. Report cards will be available in the Family Dashboard until July 30. You will receive an email when your child's report card is available.

For families who do not yet have a Family Dashboard account, you can sign up for an account at any time at family.yrdsb.ca. You can find information on how to create an account [on the Board website](#) or in this [instructional video](#).

The Family Dashboard gives parents/guardians secure one-stop access to information and applications related to your child's education. It is designed to make it easier for families to engage with their child's education.

Please note, you can still request a printed copy of your child's report card if you prefer by contacting your child's school.

As we wrap up the school year, we also want to remind families that it's important that the school has updated contact information for students and parents/guardians, including home address, phone numbers, email address and emergency contacts. This will ensure that the school can contact families in case of emergency, and also that you continue to receive important communications and updates from the school. Please contact the school directly with any changes.
