As part of the Equity and Inclusivity Advisory Committee’s community consultations, recommended that School Councils allocate a small percentage of their school generated funds to a centralized “YRDSB Trust Fund” that will enable low income students to participate in various activities that require additional funding.

There are some schools that do not generate a lot of money through fundraising and cannot adequately support the many low income families in their catchment area. A centralized “YRDSB Trust Fund” would assist in reducing barriers for inclusionary activities that some schools cannot support as much as they would like.

Please indicate if your school is interested in supporting a centralized “YRDSB Trust Fund” by sharing some of your school generated funds.

- Yes
- No

E. Additional Support and Training

The [YRDSB Director’s Action Plan](#) sets out six goals that align with the strategic plan and our Board’s Mission, Vision and Values. Please indicate if there is a need for the Board to provide additional support and training to your school in the next school year.

- a. Goal 1: Foster Well-Being and Mental Health (i.e., to build safe, healthy and inclusive learning and working environments where students and staff feel they matter and belong)
- b. Goal 2: Champion Equity and Inclusivity (i.e., to build a collective understanding of: the ongoing impact of colonialism on Indigenous Communities, Anti-oppression, and Culturally Responsive and Relevant Pedagogy [CRRP])
- c. Goal 3: Champion Equity and Inclusivity (i.e., to provide comprehensive math programs that reflect students’ identities, lived experiences, needs and interests)
- d. Goal 4: Build Collaborative Relationships (i.e., to build trust and collaborative relationships with students, families and staff through respectful and responsive communication focused on shared solutions)
- e. Goal 5: Empower Ethical Leadership (i.e., to elevate student voice in learning, assessment and decision-making)
- f. Goal 6: Empower Ethical Leadership (i.e., to build a collective understanding of ethical leadership)

Please also think about if there any additional support or training that you would like to receive for your school council next school year:

Due to COVID - 19 many family dynamics have changed and this will cause us to need to support many families through difficult situations, challenges like financial and job loss. Our focus this coming school year is going to need to include our students and families feeling safe and comfortable back at school, while dealing with the situations outside of school that many of them have little or no control over. Mental health and well being will be a huge need this coming school year.

F. Any other comments

Please share your school council's achievements and/or suggestions/feedback in the text box below:

This coming school year our council wants to focus on mental health, well being and togetherness. We want to make our families feel safe and comfortable while being able to have activities and workshops that will bring school and family together. Our goal will be to work with the families to try to bring a new normal to our school environment and reduce the fears some of our students and families may have following a Pandemic.
