Administration Reports	<p>-Student Schedule and Lunches: 4 period schedule in place with one lunch period. Students seem happy with the schedule and to be back in person. Semester two has had a smooth start. Students are adjusting to one lunch period and everyone seems to be able to find somewhere around the school to eat. They are trying to open up activities at lunch time such as “Wellness Wednesday” in the gym. The schedule for next year has not yet been finalized.</p> <p>Safety: Each student has received two cloth masks and Covid Rapid Antigen tests. If students did not receive the tests, they can be picked up at the attendance window. There are still restrictions but things continue to open up such as clubs, athletics, drama club, band etc.. Music performances are still not allowed. Hand sanitizing, social distancing, masks all being enforced. The covid screening tool is working well.</p> <p>Student photos and Yearbook:Photo retake day is Feb 16, grad photos will take place between March 21st and April 1st. Students will receive information related to booking their photo session approximately 2 weeks prior to March 21,2022. The cost of the sitting fee is \$35.00.</p> <p>Yearbook: due to no staff assistance and lack of club activities due to Covid, only a grade 12 memory book will be produced this year as long as at least 100 books are pre ordered. School working with Jostens to publish yearbook. Hopefully next year, enough students will take the yearbook class and there will be a full yearbook.</p>	Mr. Gordon, Mr. McArthur
