# Welcome Students and Families

# Land Acknowledgement

We affirm that we are all treaty people and acknowledge that the York Region District School Board is located on the lands of two treaties. These treaties have been signed with the Mississaugas of the Credit First Nation and the First Nations of the Williams Treaties who are: the Mississaugas of Alderville, Curve Lake, Hiawatha, Scugog Island; and the Chippewas of Beausoleil, Rama, and Georgina Island who is our closest neighbour and partner in education.

To honour this agreement we will take up our responsibility to be respectful of their traditions, knowledge and inherent rights as sovereign nations. We will respect their relationship with these lands and recognize that our connection to this land is through the continued relationship with these First Nations, and we acknowledge our shared responsibility to respect and care for the land and waters for future generations.

The focus of the Guidance and Career Education program at Keswick High School is to help each student successfully complete high school, and realize their full potential, by setting goals that lead to an appropriate post-secondary pathway in the world of work, apprenticeship, college or university. The program is delivered through classroom instruction, seminars, field trips, guest speakers and individual academic and career counselling. Guidance counsellors also provide students with short-term personal counselling and referrals to community agencies, help with problem-solving skills to deal with personal or school-related issues, assistance with course selection, and information on how to earn the required 40 hours of community involvement activities.

Guidance counsellors are assigned by alphabet (alpha) and appointments may be arranged in the Guidance office (located beside the main office) or by calling 905-476-0933, ext. 1086.
