KESWICK HIGH SCHOOL
COURSE SELECTION

Course selections require planning and support!

Choose wisely! Know your strengths and interests. Consult with teachers, guidance and parents/guardians. Research post-secondary requirements. 'My Pathway Planner' is your research tool.

GRADUATION REQUIREMENTS

Entered Fall 2023 or before

- 12 Credit Units
- 18 Credit Units
- 2* Elective Units

***Online Learning Graduation Requirement Opt-out** - Students have the choice to 'opt-out' of the online learning graduation requirement. Please speak with a guidance counsellor to learn more.

Entered Fall 2024 or after

- 13 Credit Units
- 17 Credit Units
- 2* Elective Units

Financial Literacy Requirement - Starting in September 2025, students who entered High School in the fall of 2024 must earn a new financial literacy graduation requirement as part of this compulsory Grade 10 Mathematics course.

GRADE 9 & 10 PATHWAYS

APPLIED

Applied courses focus on the essential concepts of the discipline. Applied courses develop students' knowledge and skills by emphasizing practical, concrete applications of essential concepts of the course and incorporating theoretical applications as appropriate. Applied courses are more hands-on and practical than academic courses. In-school 'Work' with the majority of work completed in class. **APPLIED TO COLLEGE**

LOCALLY DEVELOPED

Locally developed courses have been developed to meet the needs of students whose skills fall below grade level. It is a graded approach to learning using practical and hands-on learning experiences. **LOCALLY DEVELOPED TO MEET THE NEEDS OF STUDENTS WHOSE SKILLS FALL BELOW GRADE LEVEL. IT IS A GRADED APPROACH TO LEARNING USING PRACTICAL AND HANDS-ON LEARNING EXPERIENCES.**

ACADEMIC

Academic courses focus on the theoretical concepts of the discipline and also require related concepts, students develop conceptual knowledge and skills by emphasizing theoretical, abstract applications of the essential concepts of the course and incorporating practical applications as appropriate. Academic courses have more theoretical and abstract than applied courses. In-school 'Work' with the majority of work completed in class. **ACADEMIC TO COLLEGE**

↑

↓

DE-STREAMED

De-streaming means that schools will no longer be offering courses in the applied stream. The intended concept and focus of courses from multiple pathways research shows that de-streaming results in better outcomes for students and post-secondary providers. **DE-STREAMED TO COLLEGE, APPLIED/ACADEMIC TO COLLEGE**

COURSE SELECTION

K25
Years

COURSE SELECTIONS DUE ONLINE: Friday, February 21st @ 4:00pm

Everything is completed online and approved by parent/guardian through email (no paperwork). Course selection information presentations and handouts can be found on the Guidance and Student Success Google Classroom (please note: corrected) and the KHS website, under the Guidance tab.

Course Selection Timelines

Guidance Presentations - Guidance to visit Grade 9, 10, 11 classes to provide presentations and information sessions.

Guidance on the Go - Guidance will be in the main hall, during lunch, for pop-up sessions to support any students requiring help with post-secondary research, course selections and pathway planning.

FINAL DAY TO SUBMIT COURSE SELECTIONS - Please submit through My Pathway Planner by 4pm on February 21st.

FEB. 21

Choose course wisely because this event is final and based on your research.

Access My Pathway Planner (see instructions below). Utilize My Pathway Planner to research post-secondary programs/pathways and their requirements to develop a pathway plan. Engage in informed discussions about appropriate courses with parents/guardians, teachers and guidance counsellors.

LOCK IN WINDOW - Period of time during which students 'submit' online course selections through My Pathway Planner. Once you have reviewed your selections, send an approval email to a parent/guardian for final sign-off.

TIPS FOR ONLINE COURSE SELECTION IN 'MY PATHWAY PLANNER'

STEP 1:

Access the Course Selection tool in 'My Pathway Planner' from the Keswick High School website. Click on the 'My Pathway Planner' icon. Login using your YRDSB student number and password. Using the left hand navigation menu, click 'High School' to create a plan.

STEP 2:

Add courses for next year in the high school planner. Click on to add a course. In the course selection and details screen, explore the available courses. The 'Finalization Indicator' will help you keep track of your progress. Click 'View progress' for a list of specific graduation requirements.

STEP 3:

Review and submit your courses. Check that you have a full course selection and have selected all compulsory courses needed. Prior to submitting, click on the 'review course selections' button and give your selections one final look over. When you are satisfied with your selection, click on 'submit course selections'.

STEP 4:

Once you have submitted your courses, you will be asked to provide a parent/guardian email. Speak with your parents/guardians about your course selections and please have them click 'approve selection' in the email that was sent to them. This completes course selections.

Course Selection Information

- COPIES AVAILABLE ONLINE AT: www.yrdsb.ca/schools/keswick.hs
- To support your course selection at KHS, we encourage you to review this presentation, the handouts and any additional information posted to our website, at home with your parent/guardian

The screenshot shows the Keswick High School website. The top navigation bar includes links for Keswick H.S., School Information, News & Events, Departments & Programs, Students, Parents, **Guidance** (circled in red), Library, and School Council. Below the navigation bar, the 'You Are Here' path is 'Schools > Keswick H.S.'. The main content area features a calendar for Monday, December 19, and Tuesday, December 20. A large red arrow points from the 'Guidance' link to the '2022-2023 School Year Calendars' section, which displays the September 2022, February 2023, and March 2023 calendars. The 'Contact Information' section on the right provides the school's address, phone, fax, email, and bell times. The bottom of the page includes a 'Tweets from @YRDSB_KeswickHS' section and a 'Parents/Guardians: Enter your e-mail address to subscribe to' form.

Grade 12 ENG4U1 1 Credit University

This course emphasizes the consolidation of the literacy, communication, and critical and creative thinking skills necessary for success in academic and daily life. Students will analyse a range of challenging literary texts from various periods, countries, and cultures; interpret and evaluate informational and graphic texts, and create oral, written, and media texts in a variety of forms. An important focus will be on using academic language coherently and confidently, selecting the reading strategies best suited to particular texts and particular purposes for reading, and developing greater control in writing. The course is intended to prepare students for university, college, or the workplace.

Pre-requisites (a minimum of 1 of the below required)

- ENG3U
- NBE3U
- ESLEO

Online Learning Opt-Out

Online Learning Opt-Out

Grade 10-12 OLOPTO 0 Credits Open

Students are required to earn two online learning credits to graduate from secondary school. The requirement is intended to support students in gaining familiarity and comfort with working and learning in an online environment, as well as developing digital literacy and other transferable skills that will help prepare them for success after graduation.

Parents/guardians may choose to opt their child out of this requirement. Students 18 years of age or older can also opt out of the graduation requirement.

To opt out of this requirement, add this course to your selections.

To learn more about the online learning requirement, click this link:

<https://www2.yrdsb.ca/scho...>

Guidance Message

By submitting this Online Learning Opt-Out with your course selections, or approving this selection as a parent/guardian, you confirm that:

- Having reviewed the benefits of the online learning graduation requirement and the availability of supports for online learning through the school, I would like to opt my child/myself out of this requirement.
- Upon receipt of this request, the student will not be required to earn two online learning credits to earn an Ontario Secondary School Diploma.
- Students will face no academic penalties for opting out of this graduation requirement, and will continue to complete all other graduation requirements.

To learn more about the online learning requirement, click this link:

<https://www2.yrdsb.ca/scho...>

- Student course requests determine what courses, and how courses are timetabled at KHS
- We want you to be successful in your program

- ***BDV4C1 - Entrepreneurship: Venture Palnning in an Electronic Age
- C Prep - *NEW 2025/26***

This course provides students with the opportunity to develop and apply entrepreneurial skills through the creation of a venture plan that capitalizes on the potential of e-commerce. Students will research and identify an opportunity for a venture. They will then complete the components of a venture plan that includes a website.

Prerequisite: None

- ***ICS4U1 - Introduction to Computer Science - U Prep - *NEW 2025/26***

This course enables students to further develop knowledge and skills in computer science. Students will use modular design principles to create complex and fully documented programs, according to industry standards. Student teams will manage a large software development project, from planning through to project review. Students will also analyse algorithms for effectiveness. They will investigate ethical issues in computing and further explore environmental issues, emerging technologies, areas of research in computer science, and careers in the field.

Prerequisite: None

- You have the next month to research, consult and plan
- Consult with teachers, guidance and parents
- Research post-secondary eligibility requirements
- Remember there are many pathways to the destination of your dreams

Prerequisite Planning

- Many Grade 11 & 12 courses have prerequisites
- Prerequisites are identified for each course in the KHS calendar and in My Pathway Planner
- Planning backwards (with the end in mind) is essential
- Colleges, universities, the Ontario apprenticeship board, trade unions and other post-secondary institutions also have eligibility requirements for their programs

Math Pathways Planning

Course Selection Tips

Diploma

PREPARING FOR THE DIPLOMA PATHWAY AT COLLEGE

- The most commonly required courses for admission to college diploma programs are Grade 12 English (ENG4C), Grade 12 Math (M4F4C), and Grade 11 or 12 Sciences (SBD1, SCH4C).
- Most college diploma programs require college (C) preparation courses to meet specific course admission requirements.
- Carefully check Math requirements! Some college programs require prerequisite Grade 12 Mathematics for College Technology (MCT4C) for which the prerequisite is MCF3M (not MIP3C). Speak with a guidance counselor if this is the case.
- Many students take the college diploma pathway as a stepping stone for transfer to the university or college degree pathway www.ontransfer.ca.
- College admission requirements can vary a great deal from college to college, even when the program titles are the same.
- Repeat your research for every college program you are considering to be certain you will meet their credit admission requirements. www.ontariocolleges.ca

STUDENTS WITH EXCEPTIONAL LEARNING NEEDS

- Students with exceptional learning needs, learning disabilities and/or Individual Education Plans (IEP) can find support information for both colleges and universities at: www.transitionresourceguide.ca

☒ COURSE SELECTION TIPS

- Students entering Grade 11 must select 8 courses
- Students entering Grade 12 should sign up for a full timetable (8 courses)
- If your college program (e.g. social work) requires documented experience, take co-operative education courses and/or volunteer if possible.
- If you are planning on applying to college or your destination is a college diploma, take college program prerequisite courses at the college (C) level whenever possible (e.g. ENG4C rather than ENG4U), unless your college program factors in a grade differential weighting when making admission decisions (note: the majority of colleges do not do this).
- Take courses for which you have the prerequisite credit as well as the academic preparation

Dual Credit Courses allow Grade 12 students (while they are still in secondary school), to take college or apprenticeship courses that count towards both the Ontario Secondary School Diploma (OSSD) and a post-secondary college program.

Students may earn credits toward the OSSD through courses delivered by publicly funded colleges in Ontario that are participating in the ministry approved dual credit program. As well, SHSM and OYAP students may receive some industry-specific certification in Dual Credit courses. Students can earn up to four optional credits through college delivered dual credit courses.

Book an appointment with your guidance counselor to learn more or visit: www2.yrdsb.ca > Schools & Programs > Secondary School > School Programs & Opportunities > College Delivered Dual Credit Courses

Degree

PREPARING FOR THE DEGREE PATHWAY AT UNIVERSITY OR COLLEGE

- University admission usually requires a minimum of six Grade 12 U or M courses (the number of accepted M courses depends on the university program)
- Check specific program requirements for each university
- Science program requirements vary greatly depending on the university
- If you wish to apply to a Bachelor's Degree program at college, you must meet university admission requirements
- If you wish to apply to a joint College/University program (e.g. nursing) you must meet university admission requirements

- When researching university programs consider the following: admission averages cut-off marks and program enrollment numbers, additional admission criteria
- Universities often consider Grade 11 U and M courses for conditional offers of admission
- www.ontariouniversitiesinfo.ca www.ontariocolleges.ca
- "My Pathway Planner"

☒ COURSE SELECTION TIPS

- Students entering Grade 11 must select 8 courses
- Students entering Grade 12 are recommended to sign up for 8 courses and at least 7 Grade 12 U or M courses
- 12 U English (ENG4U) is a requirement for most University Degree and College Degree programs
- Select Social Science courses in addition to Math and Science in case you change your program choice
- Take courses for which you have not only prerequisites, but also the academic preparation
- Consider attending spring open houses at the universities and colleges which are often held over March break

What is it?

SHSM is a two-year program designed to help students develop specialized skills in various careers. It is career-focused learning which allows students to explore, identify and refine their career pathways while working toward their OSSD. Students complete a package of sector specific certifications, sector-partnered experiences and course requirements include a two-credit co-op.

For Whom?

Grade 11 & 12 students, in any pathway, who are interested in exploring a field of study related to occupations in the Business, or Technology sectors.

Why should students consider it?

This additional qualification is recognized by Colleges and Universities across the province. It enhances the student's understanding of the field of study they are interested in pursuing. Students can earn an SHSM certificate upon graduation.

Sector related occupation examples include:

Business

- Accounting
- Banking
- Economist
- Conference and Events Planning
- Marketing
- Retail
- Human Resources

Transportation/Technology

- Pilot/Flight Engineer
- Machine Operator/Inspectors
- Aerospace Engineer
- Urban and Land Use Planner
- Small Engine/Equipment Repair
- Motor Vehicle Body Repair
- Construction Millwright
- Automotive Service Technician
- Heavy Equipment Operator
- Industrial Engineering

Specialist High Skills Major (SHSM)

SHSM Programs at KHS:
Business,
Transportation/Technology

Apprenticeship

APPRENTICESHIP & WORKPLACE

Apprenticeship is a proven hands-on training program for people who enjoy "learning by doing" and who want to work in a skilled trade. About 90% of apprenticeship training is provided in the workplace by employers. The remainder involves theoretical classroom instruction, which is usually given at a local community college, or provided through another approved training organization. Apprentices receive training while they earn a wage. The length of time that is required to complete an apprenticeship varies from trade to trade.

Accelerated OYAP

Students can earn high school credits, register as an apprentice, complete part or all of the "Level One" apprenticeship schooling in a specific trade, and earn hours toward their apprenticeship training. YRDSB currently offers Level 1 Apprenticeship programs for: Auto Service Technician, Refrigeration and Air Conditioning Systems Mechanics, Cook, Electrician, Plumber, Child Development, Baker, General Carpenter and Drywall.

Upon graduation, individuals are to find an employer willing to sign them on as an apprentice. Having prior experience through a co-op placement or summer employment, could assist in securing an apprenticeship.

Ontario Youth Apprenticeship
Program (OYAP)

[www.ontario.ca/page/
apprenticeship-ontario](http://www.ontario.ca/page/apprenticeship-ontario)

YRDSB school-to-work transition offerings are specialized programs that prepare students for employment or self-employment. These programs include both in-school and work-based experiences, including job shadowing/ job twinning, work experience, co-operative education, and in-depth skills training, and require the involvement of employers in their development and delivery. These programs may provide advanced standing or additional certification for students in apprenticeship and skills certification programs.

The following resources provide information and support for students preparing for the workplace:

www.gtti.ca

For all four of the pathways discussed in this guide, consider the co-op program to help get you there. Actual experience in a real workplace is a great way to gain insight into the many reasons for participating in a co-op program:

- Gives students a competitive edge
- Confirms career choices
- Builds a network of career related references
- Helps develop career focused essential skills
- Could lead to a part-time or full-time job

For further information on all four pathways opportunities gained through co-op, please speak with Mr. Rob Heath, KHS Head of Community Based Education (Co-operative Education).

✓ COURSE SELECTION TIPS

- Strong math skills are required for some of the skilled trades (e.g. electrical, automotive service technician). Check carefully, you may require MCT/C. Please see your guidance counsellor if this is the case.
- If there is a skilled trade you are interested in, you should investigate co-op opportunities (e.g. construction sector may require you to consider a 4 credit co-op in Grade 11, in order to participate in the accelerated OYAP program in second semester Grade 12).

Workplace

- The YRDSB Policy that encourages students to meet their OSSD graduation requirements within four years
- If needed, you may earn up to 34 credits within five years
- While enrolled in your first four consecutive years of secondary school, you may go beyond 34 credits
- Speak to your guidance counsellor if you are unable to complete your secondary school education plan in four years, as some expectations may apply

Community Involvement Hours

- Make a commitment to get your 40 hours completed as soon as possible
- See the bulletin board inside the Guidance Office to learn about current volunteer opportunities

NeighbourhoodNetwork
Building Better Communities Together

- Register online with the Neighbourhood Network to be notified about local volunteer opportunities:
neighbourhoodnetwork.org

- The Ontario Student Transcript provides a record of a student's overall achievement in high school
- Only successfully completed Grades 9 & 10 courses appear on your transcript
- **ALL** Grade 11 and 12 course attempts will appear on your transcript

- **Offered to Grade 11 and 12 students**

Co-op/OYAP combines a subject studied in school with a related job placement out of school. Cooperative Education may be taken as a two credit (morning or afternoon) or four credit (all day) package.

This program allows the student the opportunity to explore a career of interest, network with individuals in a particular career, develop job skills, obtain career-related practical experience, gather references for a résumé add develop attitudes necessary for success in the workplace.

- If you are currently enrolled in one of our SHSM programs, please check that you will meet the number of required credits for your SHSM sector
- All additional SHSM certification opportunities will be communicated with you through your GAPPS account - please ensure you are on track to complete these prior to graduation

COLLEGE DELIVERED **DUAL CREDIT COURSES**

- **Earn High School and College Credits at the same time**

Dual Credit Courses allow Grade 11 and 12 students (while they are still in secondary school), to take college or apprenticeship courses that count towards both the Ontario Secondary School Diploma (OSSD) and a post-secondary college program.
