EDSBY: Introducing Online Absence Reporting

Reporting a student absence online is now available through EDSBY!

If you have activated your Edsby account, you can login to Edsby and report your child's absence online. You can access an [online video tutorial](http://bit.ly/edsbyabsence) to learn more (bit.ly/edsbyabsence) about how to do this.

We have sent invitations to all parents/guardians to join EDSBY. If you have accidentally deleted it, or it went to junk mail and was deleted – let me know and I can send another invitation.

Families can still continue to report absences by phone.

DRESS CODE (reminder from Sept Start Up Information)

Appropriate dress reflects a respect for the learning environment and a respect for self and others. It is important that students dress in neat, clean clothing appropriate for a school environment. The dress code is in effect while at school, on field trips and during any other school-related activities or events.

The following inappropriate dress does not conform to the school dress code:

- language or graphics on clothing that displays provocative, obscene, sexist or racist slogans, or refers to smoking, sex or drinking
- clothing which contravenes the Human Rights Code in any way
- clothing that is revealing or provocative
- pyjamas (except when there is a class or school-wide 'pyjama spirit day')
- clothing and accessories/paraphernalia depicting violence or death, or that identify/promote cults or gangs
- head coverings of any description inside the school (e.g. hats, bandanas and sweat-bands); exceptions will be made for religious reasons
- flip flops for safety reasons

Extreme Hot Weather and UV Protection Guideline - YRDSB

"Hot weather plans should be activated when the following weather/environmental triggers occur:

- the humidex reaches or exceeds 35 degrees Celsius;
- the combination of a smog alert and higher temperatures;
- during heat waves; or
- three or more days of temperatures 32 degree Celsius or higher;"

"Strategies for dealing with Hot Weather

- Refer to Environment Canada's information on humidity and humidex and their strategies for summer comfort.
- Ensure that all staff, students and parents/guardians are made aware whenever the action plan is activated.
- If possible reschedule outdoor/indoor physical activities to cooler times of the day or on another day when the humidex is under 35 degrees Celsius.
- Encourage students and staff to make use of shady areas in the school yard such as under trees, beside the building and under umbrellas.
- Keep blinds/curtains closed in classrooms directly exposed to sunlight and turn off any unnecessary lights.
- For hot, humid weather relief in classrooms or portables, Board-approved fans may be used to provide air movement in the room. Some classes may have to be relocated to cooler areas such as gymnasiums or libraries to provide relief. (note – all classrooms have been given 2 fans)
- Educate students and parents about the need to wear loose, light clothing that covers their arms and legs, which will help to reduce body heat through moisture evaporation.

- Encourage the drinking of water for re-hydration after excessive fluid loss during physical activities or on hot, humid days. Avoid using carbonated drinks with caffeine which promote excessive fluid loss. Drink water before exercise and every 15-20 minutes during exercise. Drink water regularly throughout the day to maintain hydration.”
