---

**Newsletter**

Each year, many of our students celebrate the long-standing tradition of Remembrance, and we hope that your student will participate in this year's activities as planned by Student Council. Please keep in mind that the costume worn while at school and/or on school property must comply with YRDSB's Caring and Safe Schools policy; therefore, costume accessories that include weapons must remain at home and no masks can be worn. In addition, costumes must also meet the requirements of our school's dress code policy.

Thank you for your ongoing support!
