

LUNCH ROUTINES

Lunch Time Expectations, Procedures and Supervision

Students are encouraged to go home for lunch when the distance between home and school makes this practical. When children remain at school, they eat in classrooms from 12:15- 12:35 p.m. Students remaining at school for lunch should not leave school property, the boundaries of which are regularly reviewed with students.

Following lunch, students are dismissed to the playground and remain outside until 1:15 p.m., weather permitting. Attendance is taken following the lunch hour when students return to class. Adult lunch assistants and some staff members supervise students throughout the lunch hour.

Lunches

Parents who need to drop off lunch are requested to label the lunch with the child's name and grade and leave the bag or box on the "drop-off" table located in the front hallway.
