Thank you for considering joining Langstaff's Student Council. As you are probably aware, three positions on council are selected by the Staff Advisors and the Administration. Should you be interested in any of these positions, please ensure that you have read the specific responsibilities of each (found in the L.S.S. Constitution) and answer the questions below with specific information that is relevant for that position.

You will be interviewed by the Staff Advisors to Student Council as part of the selection process.

Should you have any questions about this process, please feel free to speak to any of the Student Council Staff Advisors

Your Name: _____ Current Grade: _____

Position Applying for: _____ Homeroom # _____

1) Why do you want to be part of the Student Council, specifically in the role that you are applying for?

2) Please share some of the leadership/volunteer activities that you have previously participated in, whether within or outside of the Langstaff Community?

Please see over →

3) If we asked someone to describe you in three words (i.e. character traits) what do you think they would be? Of the three, which one do you think is most accurate and why?

4) In addition to Student Council, what other teams/clubs/extra-curricular activities are you considering participating in next year, either as part of Langstaff or externally.

5) The Student Council Constitution says that members must be performing at their best academic ability. Do you think that your most recent midterm mark is representative of your best academic ability? Why or why not.

We’d like to know of some teachers who would say that you’re a good candidate for your selection position. Please have eight different teachers, who have either taught you/coached you/worked with you **over the past two years**, sign below. We will be contacting them later to ask them specific questions.

Finally... Please introduce yourself to one of the Staff Advisors to Student Council (Ms. Gunarajah, Mme Chidiac or Ms. Starkman), after filling out all of the above. Have one of them sign this form, then leave it with them to complete the application process.

(Staff Advisor to S.C.)
