

LEGACY PUBLIC SCHOOL

WEEKLY EBULLETIN FOR JANUARY 17, 2014

legacy.ps.yrdsb.ca

Snow and Ice

We continue to struggle with snow and ice around our neighbourhood. We have been diligent about keeping as many surfaces ice free as possible through the use of sand and ice, but it is a challenge!! We have limited where students play, made safe paths for movement from the portables to the main building, brought in additional services for removal and closed the kindergarten pen. We thank everyone for their understanding as we continue to battle nature.

Junior Games Club

The Junior Games Club will run for the month of February. In order to accommodate students in the library, the Grade 4 and 5's will participate on Wednesdays, and Grade 6 students on Thursdays. Prior to beginning, we will be doing an inventory of all the games in the school. If you have games at home that you would like to donate to the school we would be most appreciative!! Thanks.

New Website Launch

All schools in York Region will be working this year at aligning the format of our websites. This week Legacy launched its new and improved site. Please take a look and see what is new. One exciting feature is our switch to Google Calendar. For families that already use this application for organizing their time, we hope that this will help keep you up to date with activities at Legacy.

Kindergarten Registration

We had a busy first day of Kindergarten registration! This process is ongoing, but earlier is better so that we can plan for space and teaching staff for next year. Please come in as soon as possible to register and let your neighbours and friends know that we are welcoming parents to register any day from 9:30-3:00. Forms can be found on our website.

Keeping Your Children Safe Workshop

MDHS School Council would like to invite all parents and guardians to make a note on their 2014 calendar for January 20th. Please join us at 7 p.m. in the school Learning Commons (Library) for an information night courtesy of the York Region Police. Topics to be discussed include drugs and the new terminologies, sexting and warning signs. This presentation is open to all parents of high school age students and is a "must see" for all parents/guardians of grade 8 students. Please RSVP by Friday January 17th to MDHS – 905.294.1886
