Mathletes

Legacy students participated in an amazing day of Math fun this week with activities in all grades all around the school. Kindergarten and Primary students worked in classrooms with intermediate mentors, completing questions and solving problems throughout the day. In the gym, junior students worked with their teachers and intermediate mentors to answer 6,855 math questions. Over the past five years, our total is now over 33,500 math questions answered on these special days. It was an absolutely amazing day! A special thank you to Ms. Andrews, Mrs. Kennedy and all of the staff who made this day a success.

Safe Arrival

It is important for parents to contact the school by 9am to inform us of any student absences. This allows us to ensure that we are accurate and efficient in maintaining our safe arrival program. We thank all parents for supporting us on this matter.
