Allerject Avisory

As some of you have already heard, Sanofi has announced a recall of Allerject. Details of the recall are available here:

<http://healthycanadians.gc.ca/recall-alert-rappel-avis/hc-sc/2015/55620a-eng.php>.

Information from the Health Canada website:

Products affected

1. Allerject Pre-filled Autoinjector (DIN02382059 – 0.15mg/0.15mL epinephrine).
2. Allerject Pre-filled Autoinjector (DIN02382067 – 0.3mg/0.3mL epinephrine).

What parents should do

- Contact your pharmacy to arrange returning your Allerject device and to obtain a replacement epinephrine auto-injector with the same dose.
- Consult your pharmacist to ensure you understand how to properly use the replacement auto-injector.
- In the event a life-threatening allergic reaction (anaphylaxis) occurs before you can obtain a replacement auto injector, use your Allerject device as directed by your healthcare provider, and then seek emergency medical attention.
- Speak with your healthcare professional if you are concerned about your health or your child's health.
- Report any adverse events to [Health Canada](#).

Because of the prevalence of this epinephrine auto-injector in our schools, please check the inventory at your school and contact any family that may be using the affected Sanofi Allerject product to have it replaced.

Public/parent enquiries may be forwarded to 1-866-225-0709.
