## Easter

Christianity observes its most important holidays of the year between March 25-27 for the Western/Gregorian calendar. Easter is considered to be the oldest and most important festival in the Christian year. Many Christians will mark Easter by attending Church services over the weekend, and for some, this includes a midnight mass and candlelight vigil on Saturday.

## Earth Hour

Legacy staff and students observed Earth Hour on Thursday afternoon by shutting down non-essential technology and lights. This also included the lights being turned off in all hallways during this time. Students were encouraged to take this opportunity to discuss the different ways energy is generated and how we use energy in our lives.

## Easter Monday

On Monday, March 28th all schools are closed. Enjoy the time with your family.
