FOREST OF READING

MOVE A THON

Contest Winners

Mrs Walker's Forest of Reading Program is off to a wonderful start!

Watch for the Bookmark Reading Passports coming home, and track as your child reads each book in their respective Book Clubs. Keep an eye out for our growing Forest of Books in the main hallway, as Legacy P.S begins to fill the walls with "leaves" of their reading.

Legacy's SCHOOL COUNCIL FUNDRAISER is approaching...

On Monday March 4th

We are going to move and groove our way to raising needed funds to help our school! Students have pledge forms for cash and cheques and for every \$5.00 raised students receive a ballot for draws for prizes.

School Cash Online

In January, many of our students participated in the York Region Healthy Lunch Challenge. Classes were entered into a draw to win a free healthy catered lunch for the whole class. We are pleased to announce that Ms McRae's grade 2/3 class won the draw and will be receiving our healthy lunch on Wednesday, March 27th, 2019.

CONGRATUATIONS!

Pack a healthy litterless lunch every day!

EARTH RANGERS

Legacy wins an Earth Ranger's Presentation for K-6 students

Legacy was entered into a draw for a Free Earth Ranger's Presentation and excited to be the winners!

Earth Rangers focuses on the importance of protecting animals and empowers students to take action. Each year, different threatened Canadian species are highlighted throughout the presentation. Children learn about their natural history, the current threats these animals face in the wild and real-world conservation projects taking place to protect them. Some of the animals we'll be focusing on during the 2018-19 school year are the Piping Plover and Monarch Butterfly!

Students in K-6 will enjoy this presentation on March 6th in our gym!

Thank-you to the Budinszky family for entering Legacy PS into the draw through Honda Canada Foundation

FEBRUARY MATH PROBLEM

You have 4 different weights. The sum of the weights is 40 grams. If you have a two pan balance, you can use the 4 weights to make any weight from 1 gram to 40 grams. How many grams is each of the weights? **The solution will be available next week.**

Questioning

Using effective questions when talking about math, supports the development of your child's mathematical reasoning. The use of questioning provides children with opportunities to share and clarify their ideas, draw conclusions, and explain and explore new strategies.

With good intention, we often rush to provide our children all the information they need to solve a math problem. By giving your child this information too quickly, they may not think deeply about the problem or engage in [mathematical processes](#).

Here is a list of questions you can ask to support your child's mathematical thinking:

- How did you solve the problem?
- What did you do?
- What strategy did you use?
- How did you estimate what the answer could be?
- What would happen if ...?
- Tell me what is the same? What is different?
- How do you know?
- How did you know where ...?
- How did you know which ...?
- How did you know when ...?
- How do you know your/our answer is reasonable?
- Would this work every time? Can you/we think of any examples that don't work?
- Have you/we found all the possibilities? How do you/we know?
- What have you/we discovered about _____ while solving this problem?

WHAT'S GOING ON IN THE SCHOOL

Legacy's Move -A -Thon Madness Fundraiser!

We are excited about our upcoming Move A Thon Madness Fundraiser with Professor Jamz on Monday, March 4th!

Pledge envelopes went home and we are hoping to have them all collected by Friday, March 1st.

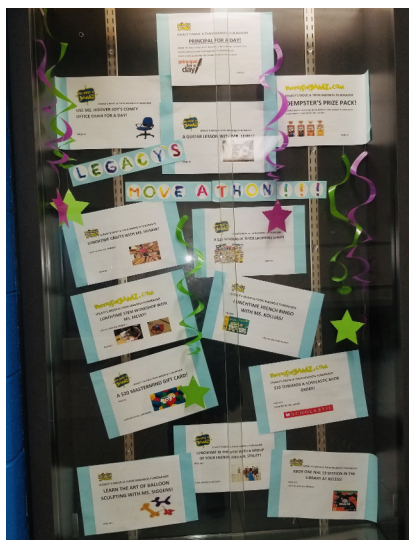

You can donate via **School Cash Online**, cash and cheques (payable to Legacy Public School) in the pledge envelope and online at www.pledge.me.

Every student who returns their envelope will receive one ballot to use in our prize draws. In addition, for every \$5 raised they will receive another ballot.

There are many prizes to choose from including Principal for a Day, Xbox One NHL 19 session and crafts at lunch with Mrs. Husain!

Students are reminded to bring a loonie to the Move A Thon to purchase a GLOW pack that includes a glow necklace and two bracelets!

Let's get moving Legacy!

Grade 6 Trip to Pinecrest Outdoor Education Centre. The grade 6 students spent 3 days and 2 nights at Pinecrest. It was a fabulous trip; Snowshoeing, skiing, high ropes, fire building, night hikes, outdoor campfires, broomball and more. A wonderful experience for our students.
