LUNCH CHALLENGE

MY HEALTHY LUNCH CHALLENGE

from January 21-25th

Many classes are participating in My Healthy Lunch Challenge this week. This is a curriculum matched program for students, teachers, parents and guardians of elementary school children. Students will learn about nutrition, healthy snacks and help families learn about packing nutritious litterless lunches.

Take some time this week to go over the importance of nutrition and the importance of eating healthy lunches and snacks with your children.

CLICK HERE for more information.

Kindergarten Registration

Kindergarten registration is now ongoing for the 2019-20 school year. Registration forms are available on YRDSB's website:

CLICK HERE FOR LINK

Children who turn four or five years old during 2019, live within the school boundary and whose parents are public school tax supporters will be eligible to register for kindergarten.

If you know of any families in the Legacy area with kindergarten age children, please have them come in to the school and register in person. Our office staff will be available to support the registration process.

WINTER WALK DAY

Legacy Public School will once again participate in the WINTER WALK DAY on February 6th.

We all had a wonderful time last year taking time together as a school to enjoy the outdoor weather!

Junior Co-ed volleyball areas tournament is on Fri Jan 25th at Markham DHS at 8:30 a.m.

GO LEGACY LIGHTNING!

KEY DATES

Jan 23rd/30th- Ski Cub

Jan 25th- Spirit Day-JERSEY DAY

Jan 25th- JR VBall Tournament

Feb 1st PA Day- No School

Feb 4th-School Council Meeting

Feb 5th-Lunar New Year

Please check our Calendar at:

<http://bit.ly/2DdPcaJ>

SELF -REGULATION

SELF-REGULATION is the ability to adjust level of alertness AND direct how emotions are revealed behaviorally in socially adaptive ways in order to achieve goals.

Self -Regulation consists of:

- Self-control
- Resiliency
- Self-management
- Anger management
- Impulse control
- Sensory regulation

RESEARCH ON SELF-REGULATION

1. Higher academic achievement is more likely when interventions include self-regulation components. - Blair & Raza, 2007
2. Self-regulation abilities have a stronger correlation with school readiness than IQ or entry-level reading or math skills. - Blair, 2002-2003; Normandeau & Guay, 1998
3. Research shows that teachers and parents can have a positive effect on students' self-regulation skills. - Burchinal, Peisner-Feinberg, Bryant & Clifford, 2000.

ZONES OF REGULATION

Our Primary Students have been learning about self-regulation and how to regulate their emotions through the ZONES of REGULATION CURRICULUM

GOALS OF THE ZONES CURRICULUM is to teach the students:

- Identify their feelings and levels of alertness
- Effective regulation tools
- When and how to use the tools
- Problem solve positive solutions
- Understand how their behaviours influence others' thoughts and feelings

And ultimately... Independent Regulation!

WHAT ARE THE ZONES?

There are four zones to describe how your brain and body feel.

BLUE Zone – Your body is running slow, such as when you are tired, sick, sad or bored.

GREEN Zone – Like a green light, you are “good to go.” You body may feel happy, calm and focused.

YELLOW Zone – This zone describes when you start to loose control, such as when you are frustrated, anxious, worried, silly or surprised. Use caution when you are in this zone.

RED Zone – This zone is for extreme emotions such as anger, terror and aggression. When you are in this zone, you are out of control, have trouble making good decisions and must **STOP!** Self-regulation skills are vital for the success and happiness of our children.

WHAT'S GOING ON IN THE SCHOOL

Cross Country	Table Games Club
ECO Club	Library Helpers
Me to We	Flag Football
Student Council	Stacking Club
Lunch Buddies	Chess Club
Kindergarten Helpers	Junior Volleyball
Wacky Snack	Intermediate Basketball

NUTRITION MATTERS

PACKING HEALTHY LUNCHES AND SNACKS

Healthy lunches and snacks give kids the energy and nutrients they need to learn and play. As well, studies find that kids who eat better, learn better. Because they eat at least one meal and two snacks at school every day, it is important to ensure that these meals are nutritious. Read on for tips, ideas and recipes to help make lunches and snacks your kids will enjoy eating.

GET THE SUPPLIES YOU NEED AND MAKE IT FUN!

A little bit of planning can go a long way for busy families. Here are some ideas to help you plan.

- Use a fun, insulated lunch bag or box.
- Be litterless. Use reusable containers for packing food (avoid foil, plastic wrap and baggies). Look for leak proof containers that have a snap top and are easy to open.
- Pre-portion foods like whole grain crackers or cereal in containers ahead of time to make them grab and go.
- Have a bin or shelf that is just for lunch items.
- Use reusable drink containers such as a thermos or reusable water bottle.
- Use stainless steel spoons and forks.

- Keep hot foods hot. Use a wide-mouth thermos for hot foods. Keep food hot until lunch by pre-heating the thermos. Pour hot water in it and let it stand for a minute or two. After you pour out the hot water, immediately put in the hot food and seal the lid.
- Keep cold foods cold. Pack cold lunches with ice packs.

GET THE KIDS INVOLVED!

Getting kids to help pack their own lunch is not only helpful, but it's also a good way for them to start learning how to cook. They will be more excited about their lunch if they make it. Get kids involved by having them:

- Talk about their lunch likes and dislikes. This is a good opportunity to discuss healthy choices and plan the menu.
- Help make the grocery list and come to the grocery store with you.
- Choose a new vegetable or fruit to include in their lunch.
- Wash vegetables and fruit.
- Peel fruit ahead of time to help save time during lunch and snack.
- Portion out vegetables, fruit or whole grain cereal into snack-sized containers.
- Make their own sandwich.
- Help bake some healthy muffins to freeze.
- Fill their own water bottle each morning.
- Pack everything into their lunch bag.

york.ca/nutrition

PLAN IT OUT AND MAKE IT COMPLETE!

Use Canada's Food Guide (canadasfoodguide.net) to help choose foods. Choose foods from three or four food groups for lunches and one or two food groups for snacks. Aim to include at least one vegetable or fruit with each meal and snack.

Consider Leftovers for lunch

- Last night's dinner can be today's lunch.
- After dinner, store lunch-size leftovers in glass containers so you reheat them quickly in the morning.
- Most vegetables and fruit can last several days in the fridge after being washed and cut up.
- Wrap and freeze sandwiches with leftover chicken or roast. They will thaw by lunchtime.
- Pack sandwich toppings like tomatoes and lettuce on the side to keep the bread from going soggy.

A word about food allergies

- Most schools are "peanut/nut safe" which means peanuts or nut products are not permitted. Rules like not sharing food from home help to protect kids with food allergies. Talk to your child about the school's rules around food allergies

Quick and easy lunch ideas

Use the table below to mix and match meal ideas.

Sample lunch 1: Roast turkey wrapped in a whole wheat tortilla, cherry tomatoes, applesauce and skim or 1% milk or soy beverage to drink

Sample lunch 2: Hummus with whole grain pita, carrot sticks, grapes and yogurt

Sample lunch 3: Leftover chicken soup (with carrots, chicken and noodles), cheese cubes and a peeled orange

Sample lunch 4: Yummy in the tummy banana muffin (see recipe), sunflower seeds, an apple and skim or 1% milk or soy beverage to drink

What about catered or pre-made options?

Catered or pre-made lunch and snack kits are often higher in fat, sugar and salt and lower in nutrients. Make your own low-cost healthy version. Pack foods in a divided container or bento box. Add a sticker, a personalized note or special napkin for fun.

Vegetables and Fruit	Grain Products	Milk and Alternatives	Meat and Alternatives
sliced strawberries	hot or cold cereal	skim or 1% milk	leftover roasted chicken
sliced pepper strips	rye or pumpernickel bread	plain or flavoured yogurt	tuna, salmon, egg or chicken salad
cucumber slices	whole grain tortilla	cheese cubes	hummus
raw baby carrots	whole grain crackers	cottage cheese	bean salad
mango cubes	2 mini oatmeal muffins	fortified soy beverage	mini mushroom omelet (see recipe)
cherry tomatoes	whole grain pita	sliced cheese (Havarti, Swiss)	black bean and corn salsa (see recipe)
banana	leftover pasta	shredded mozzarella cheese	meatballs made with lean ground meat
sliced melon	leftover brown rice	kefir	cooked tofu
leftover cooked vegetables	barley in a soup or salad	skim or 1% milk	sunflower or pumpkin seeds 2

AIM FOR VARIETY

Kid's tastes change from one day to the next. Offer new foods more than once, whether or not they eat it. It can take ten or more times to try a new food before they accept it. Offer a variety of colours, tastes and textures.

- Slice sandwiches into triangles or diamonds.
- Instead of sliced bread, try whole grain pitas, tortillas and bagels. Rye, pumpernickel and flax are also good options. Choose varieties that list "whole grain" as the first ingredient.
- Offer cheeses like mozzarella, Havarti or Swiss in different forms (cubes, strings, slices).
- Try different vegetable and fruit textures like juicy (clementine), crunchy (carrots) or soft (sliced avocado). Give your kids something different to experience with each bite.

MIX IT UP WITH A VARIETY OF SNACKS

Kids have small stomachs so healthy snacks prevent them from getting hungry between meals. Offer two to three snacks each day. Snacks are an opportunity to offer vegetables and fruit. Many processed snacks like granola bars, cookies or chips cost more and are high in sugar, fat and/or salt.

Quick and easy snack ideas

- Cheese cubes and a fruit or vegetable
- Carrot sticks with hummus or black bean dip
- Nut-free trail mix (mix dried fruit and pumpkin seeds with whole grain cereal)
- Yogurt and a banana
- Carrot, oatmeal or banana muffin and grapes
- Apple slices sprinkled with cinnamon and dry whole grain cereal
- Sliced pears and string cheese
- Yogurt mixed with whole grain cereal

SKIP THE JUICE AND SUGARY DRINKS

Send water, milk or fortified soy beverage in reusable containers labelled with your child's name. Keep cold drinks cold by packing it with an ice pack. See if your school offers a milk program.

Offer fruit juice occasionally only and offer no more than 125-250 mL (½-1 cup) per day. Read labels to make sure it is 100% fruit juice.

Fruit-flavoured drinks with beverage, punch, cocktail or have 'ade' at the end of the name (e.g. lemonade) are not 100% juice. They are made to look like juice, but are just sugar and water with some flavours and sometimes vitamins. This does not make them a healthy choice.

RECIPES FOR SCHOOL LUNCHES

Black bean and corn salsa pita wraps

Makes about 3 cups (750 mL)

Ingredients

540 mL (19 oz can)	black beans, rinsed and drained
250 mL (1 cup)	drained canned corn
250 mL (1 cup)	diced tomatoes
15 mL (1 tbsp)	olive oil
30 mL (2 tbsp)	lime juice
30 mL (2 tbsp)	finely chopped parsley or 2 tsp dried parsley
2 mL (½ tsp)	minced garlic
1 mL (¼ tsp)	black pepper

Directions

1. Combine and stir ingredients in a medium bowl.
2. Serve with a whole grain pita, grated cheese and lettuce. Older kids can build their own pita wrap at lunchtime.

Mini mushroom omelets

Makes 12 mini omelets

Ingredients

15 mL (1 tbsp)	canola oil
1 package (227 g)	sliced mushrooms
1	onion, diced
5 mL (1 tsp)	Italian seasoning
12	eggs
1 mL (¼ tsp)	salt
1 mL (¼ tsp)	pepper
250 mL (1 cup)	low fat, shredded, old cheddar cheese

Directions

1. Preheat oven to 350°F (180°C).
2. In a non-stick skillet, heat oil over medium heat. Cook mushrooms, onion and Italian seasoning for about 10 minutes or until golden.
3. In a large bowl, whisk eggs, salt and pepper.
4. Lightly spray a muffin tin with cooking spray. Divide mushroom mixture among the muffin tin. Ladle egg mixture into muffin tins. Sprinkle each with some of the cheese.
5. Bake for about 20 minutes or until golden.

Try using different vegetables like broccoli or sliced peppers in this omelet instead of mushrooms.

This omelet can be served cold for lunch. Be sure to pack it with an ice pack. Add a healthy drink like water or milk, whole grain crackers and fruit for dessert.

Yummy in the tummy banana muffins

Makes 12 muffins

Ingredients

125 mL (½ cup)	all-purpose flour
125 mL (½ cup)	whole wheat flour
10 mL (2 tsp)	baking powder
1 mL (¼ tsp)	baking soda
175 mL (¾ cup)	quick oats
125 mL (½ cup)	white sugar
60 mL (¼ cup)	lightly packed brown sugar
2	ripe bananas
1	egg
125 mL (½ cup)	milk
45 mL (3 tbsp)	vegetable oil

Directions

1. Preheat oven to 375°F (190°C).
2. Mix all-purpose and whole wheat flour, baking powder and baking soda in a large bowl. Stir in oats, white sugar and brown sugar. Set aside.
3. Mash bananas in a medium bowl. Add milk, egg, and oil. Mix well. Stir banana mixture into dry ingredients until blended. Do not over-mix.
4. Spoon into non-stick or paper-lined muffin tin, filling almost to the top.
5. Bake until tops are firm when lightly touched, about 15-20 minutes. Remove and let cool.

To make this a complete lunch, serve with sliced vegetables, yogurt and a hardboiled egg.
