STUDENT CONFERENCE

Celebrating Tamil Heritage

A group of students in grades 6 to 8 attended a conference at Middlefield C.I. last weekend.

Each student participated in workshops on Tamil History, Culture through Poetry, Tamil Canadian Identity and Tamil Traditional Games.

Conference goals were to support a dialogue on social identities of Tamil heritage students, promote student voice and leadership and work towards an inclusive and equitable school community.

Thank-you to our students who attended and represented Legacy PS

WARM CLOTHING

It's Official, Winter Has Arrived!

Please ensure students come to school with snow pants, boots, hats, coats, and mitts every day. We have many students needing to call home for winter clothing and this is difficult to manage in our office on a daily basis. We ask that all this is packed in their backpacks every day. We monitor the temperature hourly to determine whether students will be indoors or outdoors, please do not assume if it is very cold in the mornings, students will be indoors all day.

Our school office thanks you for supporting this request

KISS N RIDE

Thank-you to all our families using the Kiss N Ride this past week.

With bus cancellations and our greatest snowfall to date, many parents used our Kiss N Ride to drop off students safely.

We appreciate your patience while teachers and students assist our young learners out of cars.

Ski Club occurs on Wednesday's after school and students also have to get equipment out of cars. We will continue to do our best to keep the line of cars moving.

If you require assistance getting young kindergarten students to their classes, you are reminded that our staff are only on duty until 9:00 am

On very snowy days, we expect the drop off routines to take a little longer.

KEY DATES

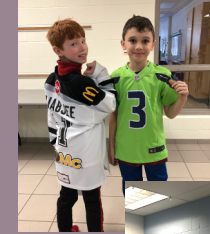

- Jan 30th- Ski Cub
- Feb 1st PA Day- No School
- Feb 4th-School Council Meeting
- Feb 5th-Lunar New Year
- Feb 6th- Winter Walk Day

PRIMARY FLOOR HOCKEY IS IN FULL SWING

PROMOTING A GROWTH MINDSET

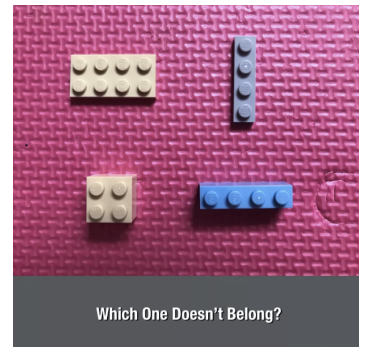

“In a growth mindset, people believe that their most basic abilities can be developed through dedication and hard work—brains and talent are just the starting point. This view creates a love of learning and a resilience that is essential for great accomplishment,” (Dweck, 2013)

Before your child can learn mathematics, he or she needs to believe in his or her ability to do so. That’s where you come in. You can be your child’s 1st role model for learning. When you engage with your child in a supportive, relaxed atmosphere, your child will enjoy exploring the world of mathematics. *Doing Mathematics with Your Child, Kindergarten to Grade 6*

Which One Doesn’t Belong is a great activity that promotes mathematical thinking because there are many “right” answers - it all depends on their reasoning.

Show your child this picture:

Ask them, “which one doesn’t belong? Why?”

For additional images, check out: <http://wodb.ca>

Another great way to get your child talking about math is using images and questions from **Estimation 180**. This website has a series of images and encourages children to think about answers that are too high, too low and just right (Goldilock estimates).

BABYSITTING

CERTIFICATE COURSE

Looking after children is a big responsibility. It's also your chance to earn money and gain valuable experience. But you'll need skills to make sure you can do the job well. The Babysitter's Course is here to help you make sure you're prepared to give excellent care to the children you'll be watching over.

The Babysitting Course is taught by fun, well-trained facilitators with first aid certification and teaching experience. You'll get the chance to practice diapering, feeding, discussions and problem-solving exercises will help you be confident on a babysitting job.
