# LEGACY eBulletin

## Kindergarten Concert

Our kindergarten students had a chance to shine in their spring concert last week. Thank you to all of our performers who sang and showed us their talents! Special thanks to Mrs. Wilson for her musical expertise, Mrs. Micu, Mrs. Loganathan, Mrs. Cyriac, Mrs. Wannop, Mrs. McMartin, Mrs. Jones-Campbell and especially Mrs. Beintema (with her freshly broken arm) who came to support their artists. A great night of music.

## Hose Down

The amazing Fire Fighters who work with our primary grades throughout the year in learning about safety and fire prevention came to cool us all off on Monday. The neighbourhood was filled with screaming, thrilled voices as the hoses opened up and water poured down on all who wished to participate.

## Upcoming Dates

### Monday June 26th

Eid-UI-Fitr (No special activities at school as many of our families may be celebrating!)

### Tuesday

Year end assembly

Student School Leaders appreciation lunch (Kiss 'n Ride, Announcers, Lunch Helpers, Tech Team, Office Helpers, Library Helpers etc.)

### Wednesday

2:00 Meet your new teacher!!

7:00 p.m. Grade 8 Graduation at Markham District High School

### Thursday

11:40 Clap out (Parents are welcome to join us in this celebration of our graduating class of grade 8 students and our leaving staff by lining the hallways and clapping them out of the school)

12:00 Dismissal

### Friday

PA Day - No classes for students

**School's Out for Summer**

# What A Year!

The end of the year is upon us and this is the last ebulletin of 2016/17.

It has been a great year of learning. As a school we have been working diligently in the areas of our school plan: Math, Modern Learning and Mental Health and Wellbeing. We have added more technology and Maker Spaces to our school and worked at making STEM a part of family learning. We have focused on having students reflect on their personal wellbeing and started work on new policies which we support our student/staff health and balance of life.

Our school went through many changes throughout the year. Legacy has welcomed many new families and family members (so many babies at the Kindergarten concert!!) into our community. We all watched the building begin along Copper Creek and are looking forward to welcoming new residents who will join us from this new subdivision. In our physical building we have upgraded technology, installed a water bottle filling station and emergency evaluation chairs for the stairs. We will also be doing construction on all the windows over the summer to stop some leaking issues.

Throughout the year our students have enthusiastically participated in so many opportunities. Student voice can be heard throughout the school as we try to address concerns and find what will engage every child in their school experience.

Teachers, Dedicated Early Childhood Educators, and Educational Assistants have worked together to problem solve, plan and ensure that all students have what they need to learn. Our Caretakers help us all with whatever we need as well as achieving the highest recognition from the Board for the cleanliness of the school.

Our Office Staff are the hub of organization and welcome everyone who enters the building, pay our bills, ensure students are safe and solve every problem you can imagine might come up in a building of over 600 people.

Legacy has also welcomed the involvement of volunteers, coop students, student teachers, therapy dogs, therapists, psychologists, social workers, among other professionals to help us do the best work we can for our students.

Legacy is a great place to learn and work. As we head into summer please ensure your child has time to relax and play. See you in the fall!

*Mrs. Ryckman and Mrs. Hoover-Joy*

**First Day**  
September 5th, 2017  
See you then!
