## SKILLS CANADA

Grade 7 and 8 students participated in an Ontario Skilled Trades Presentation which focused on:

- the benefits of careers in the skilled trades and technologies
- skilled trades and technologies that interest them: with topics such as median salary, description of the role, what qualities, education and training a worker should have; students are encouraged to look for a career that fits their desired lifestyle, personality and interests
- steps to apprenticeship, as well as other pathways to a career in the skilled trades
- the importance of employability skills in the workplace and how these skills can easily make or break a job opportunity

## PARKING ISSUES

Dear Parents and Guardians,  
Legacy PS has been working closely with the City of Markham monitoring the street parking during the mornings to ensure safety of our students and families.

Unfortunately, there are still parents that are not abiding by the no parking signage, doing U-Turns or parking closely to stop signs.

We ask, again, that every effort is made to walk to school.

If you must drive your children to school, on occasion, you use the KISS N RIDE daily in the mornings.

## WALKING WEDNESDAY
