

## REORGANIZATION

As a result of the changes that have taken place between June and September in our school's enrolment and in order to comply with the Ministry of Education's Primary Class Size Compliance requirements, as well as acceptable class sizes in the junior and intermediate classrooms, the following modifications have been made to our classroom organizations. All changes will take effect on Tuesday, September 26, 2017.

In order to support a positive learning environment for our students, we have reorganized and added a Kindergarten class to our team.

Rest assured that in all of our classrooms, our teachers differentiate the instruction, assessment, and expectations based on each student's individual strengths, needs and interests.

All students who are moving classes or changing teachers have been informed via telephone or personal email.

## Healthy School Update

The Healthy Schools Committee at Legacy Public School worked in consultation with York Regional Public Health nurses and nutritionists, surrounding schools, and all staff members to create a Food Policy that would help to provide a food and nutrition environment that is supportive of students, teachers and families in making healthy food choices.

We are happy to announce that this year the Food Policy is in full effect.

*One of the main changes that you may notice this year is that classroom, divisional and school-wide celebrations, contests, initiatives or events (e.g. birthdays, holiday parties, dances) are to focus on non-food items or experiences.*

We ask that you please help support this policy when it comes time for your child's birthday or various holiday celebrations. Many classes have already been getting very creative with ways to celebrate that do not involve food. If you are interested in reading the Food Policy in it's entirety you can find it on the [Legacy P.S. website](#).

## Don't Forget:

**Monday** is a PA. Day. No classes for students!!

**Thursday** is our Terry Fox Run. All donations to Cancer Research are welcome.

**Curriculum Night and School Council Elections** are on October 4th! 6:30-8:00pm.
