This year, the Legacy School Council established a Parent Engagement and Advisory Math Committee. This committee was very active in determining strategies that would engage families in learning more about math instruction and how to support at home. This committee planned three presentations for parents based on age of their children. The presentations were excellent and meaningful to our parents as was indicated by exit surveys. About 100 families participated in these workshops as a whole.

- h. Strategies to better include students (e.g., equity and inclusive learning environment)
- i. Collaboration with local business and organizations
- j. Other Activities:

Please describe any issues, challenges or promising practices when organizing and implementing the above activities

Our School Safety Committee including parents, staff, teachers and students worked closely with the Active School Travel Committee to make changes at our school to increase students walking to school and to ensure that the environment around our school is safe for our students entering and leaving the school grounds. Many changes including sidewalk markings of distance to school and games to play on the way to school encourage our students to walk or roll to school. The painted lines around the school help to identify for drivers where you are not permitted to stop.

C. Diverse School Community

In this past year, did your school council engage in the following activities that follow the guiding principles ([Policy #261.0, Equity and Inclusivity](#)) in the building of a diverse school community?

- a. Reducing barriers (e.g., culturally responsive pedagogy; language, special needs, socio-economic, funding support)
- b. Respecting faith-based practices in planning events (e.g., observances and practices)
- c. Increasing diverse representation on school council
- d. Providing multi-lingual resources (e.g., newsletters; interpreters; translators)
- e. Other:

Please describe any issues, challenges or promising practices when organizing and implementing the above activities

This is important work to the Legacy School Council. We strive to have a School Council whose membership reflects the school community. We work to understand the barriers that might impact our families from engaging and participating in our School Council Activities and look for ways to reduce the barriers. Ensuring that all of our families feel like they matter and belong at our school is an ongoing goal.

D. Fundraising

Was your School Council involved in fundraising activities during this past year?

- Yes
- No

Which of the following activities did your fundraising efforts support this past year?
(Please check all the options that apply to your council)

- Literacy resources or programs (e.g., books, library resources, Home Reading Program, Forest of Reading)
- Science/mathematics resources or programs (e.g., equipment, Scientists in the School, robotics club, math manipulative)
- Arts resources or programs (e.g., costumes, musical instruments, art supplies)
- Healthy/active living resources or programs (e.g., hot meals, sports equipment, lice check, outdoor learning environment/classroom, Eco-Challenge, Healthy Eating Program, mental health workshop, water bottle filling station)
- Technology resources or programs (e.g., cost-sharing, computers, laptops, iPads, DocCam, SmartBoards)
- Classroom/teacher resources (e.g., fund for teacher use, early years resources, teacher/class websites, indoor board games)
- Support field trips (e.g., transportation, ways to identify students)
- School site improvements (e.g., beautification, painting, furniture purchase/repair, playground equipment)

- Supply teachers (e.g., for athletic events and competitions, release time)
- Equity and inclusivity (e.g., subsidizing field trips for disadvantaged students, special needs supports, multicultural events, food bank, community resource fund, Angel Fund – money for families who cannot afford school related costs)
- School safety and spirit (e.g., anti-bullying events/programs, yearbook, student recognition awards)
- Other Activities:

As part of the Equity and Inclusivity Advisory Committee's community consultations, recommended that School Councils allocate a small percentage of their school generated funds to a centralized "YRDSB Trust Fund" that will enable low income students to participate in various activities that require additional funding.

There are some schools that do not generate a lot of money through fundraising and cannot adequately support the many low income families in their catchment area. A centralized "YRDSB Trust Fund" would assist in reducing barriers for inclusionary activities that some schools cannot support as much as they would like.

Please indicate if your school is interested in supporting a centralized "YRDSB Trust Fund" by sharing some of your school generated funds.

- Yes
 No

E. Additional Support and Training

The [YRDSB Director's Action Plan](#) sets out six goals that align with the strategic plan and our Board's Mission, Vision and Values. Please indicate if there is a need for the Board to provide additional support and training to your school in the next school year.

- a. Goal 1: Foster Well-Being and Mental Health (i.e., to build safe, healthy and inclusive learning and working environments where students and staff feel they matter and belong)
- b. Goal 2: Champion Equity and Inclusivity (i.e., to build a collective understanding of: the ongoing impact of colonialism on Indigenous Communities, Anti-oppression, and Culturally Responsive and Relevant Pedagogy [CRRP])
- c. Goal 3: Champion Equity and Inclusivity (i.e., to provide comprehensive math programs that reflect students' identities, lived experiences, needs and interests)
- d. Goal 4: Build Collaborative Relationships (i.e., to build trust and collaborative relationships with students, families and staff through respectful and responsive communication focused on shared solutions)
- e. Goal 5: Empower Ethical Leadership (i.e., to elevate student voice in learning, assessment and decision-making)

- f. Goal 6: Empower Ethical Leadership (i.e., to build a collective understanding of ethical leadership)

Please also think about if there any additional support or training that you would like to receive for your school council next school year:

F. Any other comments

Please share your school council's achievements and/or suggestions/feedback in the text box below:

Given this challenging year, Legacy School Council has had a very successful year. Our participation at School Council Meetings and on School Council committees is high and includes a diverse population that represents our school population. Our meetings always included both School Council members and non-members and were a forum to address issues that were raised both in advance and at the meeting. Our fundraising dollars supported the ongoing need of technology within the school for students use from Kindergarten - to grade 8.
