MONTH of APRIL

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
*Remember to check the weather daily to dress your child appropriately this month. Don't forget to send extra clothes and socks. Rubber boots may be a better alternative than runners for outdoor play when we have lots of mud outside :)			1 **DAY 4**	2 **DAY 5**	3 HOLIDAY (no school)	4

Reading: We have been learning how to retell a story in our own words. I will be reading different books such as The Three Little Pigs, Goldilocks and the Three Bears, The Hungry Caterpillar and so on. We will talk about the main ideas of the story (example: what are the main events that happened at the beginning, middle and end of the story).

Writing: We have started our Writer's Workshop! Running a Writer's Workshop gives everyone a chance to write about things and people that interest them. At this age, writing looks different for everyone. For a JK student, it might include their drawing with the teacher's writing underneath the picture. For an SK student, it might look like their drawing with a matching simple sentence such as "I like to run". If you'd like to see your child's writing book please send in a note requesting it to be sent home for the night. Please send it back the next day so your child can participate in our Writer's Workshop!!

Math: We are looking at groups of objects and deciding which set has more, fewer or the same number. We have also been playing a variety of math games and learning to recognize a number at a glance using dot plates and dice.
