Math: We will be learning about 2D and 3D shapes. Look for these shapes in your home with your child!

Dramatic Play: The students decided to open a Vet Office. Ask your child how a vet office helps animals. We have talked about the different jobs in a vet office and how to take care of animals.

Writing: We have been making Valentine cards for our friends and family. SK students have been learning to use finger spaces between the words that they are writing.

Creation: We will be making special Valentine bags to hold our Valentine cards from our friends.

* Subway lunch will be provided to those who have paid.
