Dear Parents and Caregivers

Some students struggle to engage in their learning due to the impact of trauma. Some students have experienced multiple traumatic events in their short lives. Students who have experienced traumatic events can become marginalized and further struggle when adults around them are not attuned to their mental health needs.

All Maple Leaf staff have received professional learning so that we can better address the learning needs of every student through improved educator practice. We are now able to offer learning to parents, caregivers and community members on December 5th at 7 pm. This session would be appropriate for those who have experienced personal trauma, and/or whose children have experienced trauma, and/or for caregivers or any community member interested in learning about how to support the work we are engaged in in the community and at the school or in your homes.

If you are interested in attending this learning with Heather Carter please complete and return the bottom half of this letter by December 4th.

.....
 I will attend this adult learning session on December 5th at 7 pm in the Library at Maple Leaf PS.

Parent/Caregiver name: _____

Daytime phone number: _____

I cannot attend in the evening, however, I would like to attend a session held during the day.

Student: _____

Teacher: _____
