### School Start-Up Forms

Parents/guardians received an email from YRDSB Update with important school start-up forms to complete. It is important that these forms are completed as soon as possible at the start of the school year as they contain important information and permissions.

The forms can be found at <https://startupforms.yrdsb.ca/>.

A link to the forms can also be found on the Family Resources page of the Board website at [www.yrdsb.ca/familyresources](http://www.yrdsb.ca/familyresources). Click on the [Need Help link](#) beside Family Startup Forms for additional information on how to log in to the Student GAPPS account to complete the forms.

Secondary school students can complete the secondary school student form at <https://startupforms.yrdsb.ca/students>. They will also receive the link in their student GAPPS account. Elementary school students **do not** need to complete these student forms.

Please note:

You **must be signed in to your child's student GAPPS account** to complete the form. Please remember to sign out of one account before signing into another. Additional information is available on the Board website on [how to login to the student account to complete the forms](#).

- The forms should be completed for each student, whether they are attending school in person or participating in remote, online learning. Parents/guardians must complete a separate form for each child attending school. Please ensure you log out of one student account before logging into another. You will not be able to submit the form twice logged into the same student account.
