What is the Dual Credit program?

Dual Credit courses allow Gr. 11 and 12 high school students to take college courses that count towards both the Ontario Secondary School Diploma (OSSD) or SHSM OSSD and a college certificate, diploma, or degree.

Who can take a Dual Credit course?

The target audience for a dual credit course is Senior YRDSB students in the primary target group: those who face significant challenges in completing the requirements for graduation, or who left school before graduating, because they are disengaged and not meeting their full academic potential, but who have shown evidence of the potential to succeed in college or an apprenticeship.

Students must be enrolled in at least one course at their home school and demonstrate a level of independence that allows them to travel or virtually attend the college independently, go to classes regularly and complete all college class work.
